

LOC730100

a.

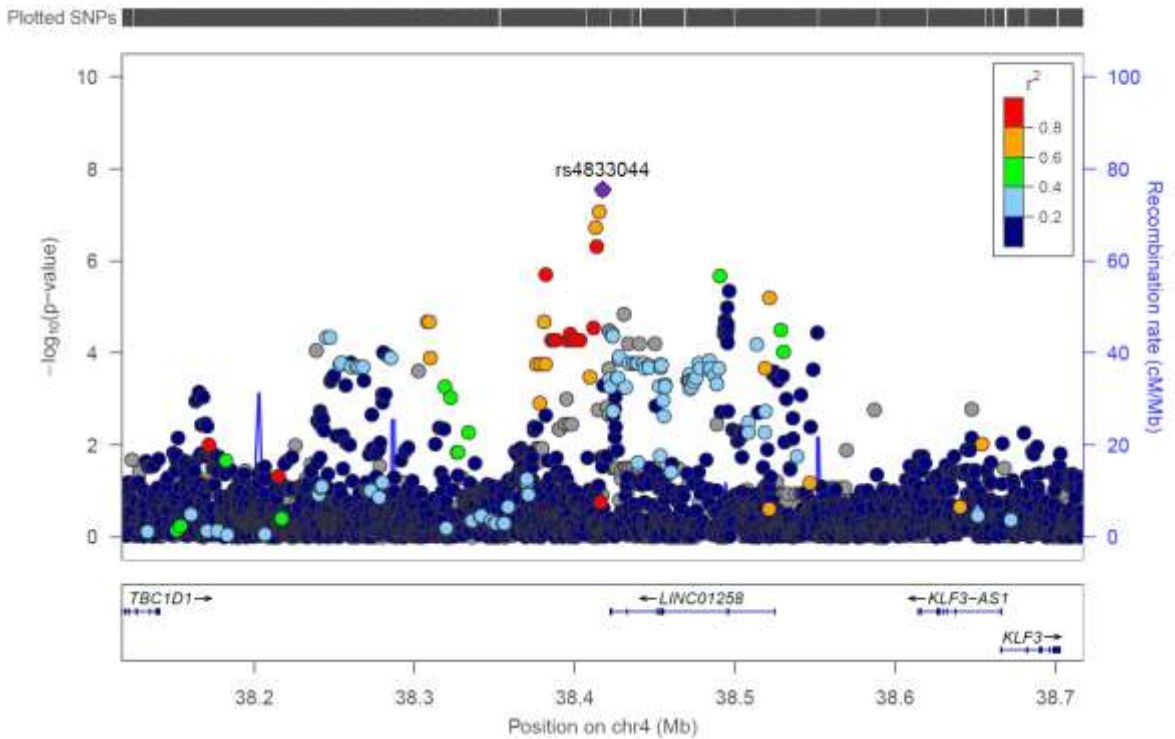

LOC730100

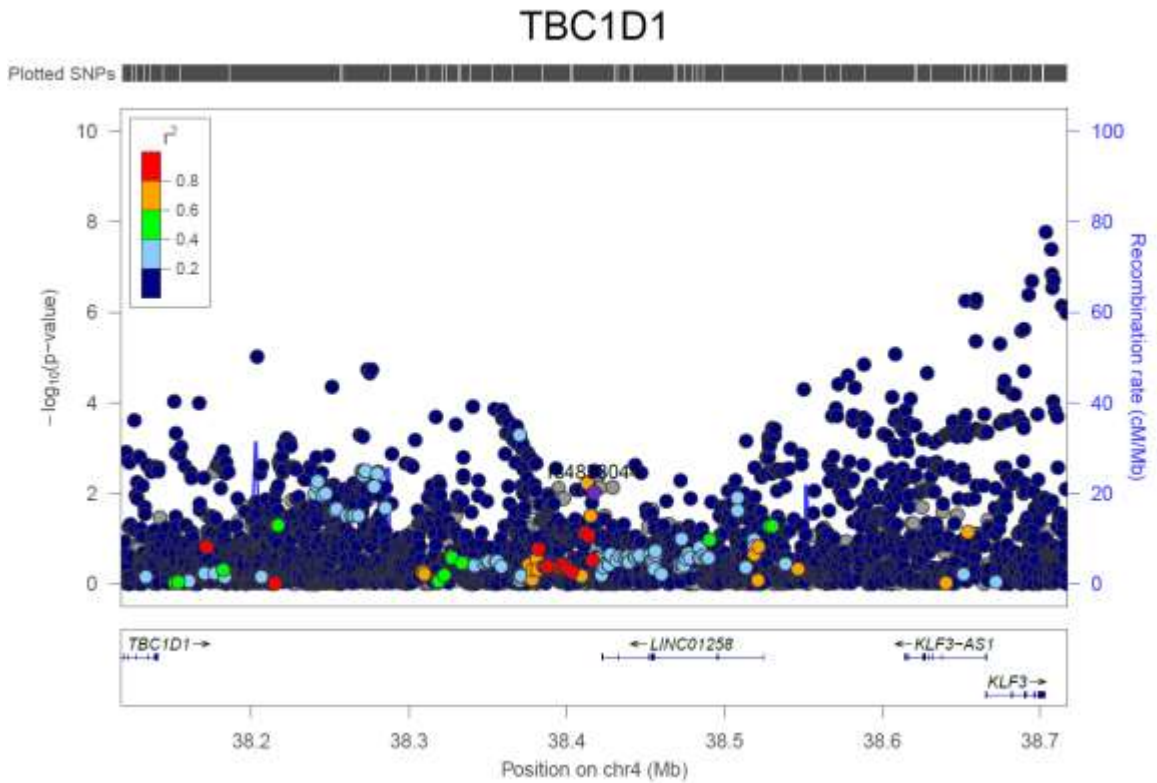

b.

Supplementary Figure 1. The LocusZoom plots for each of the *LOC730100* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

TBC1D1

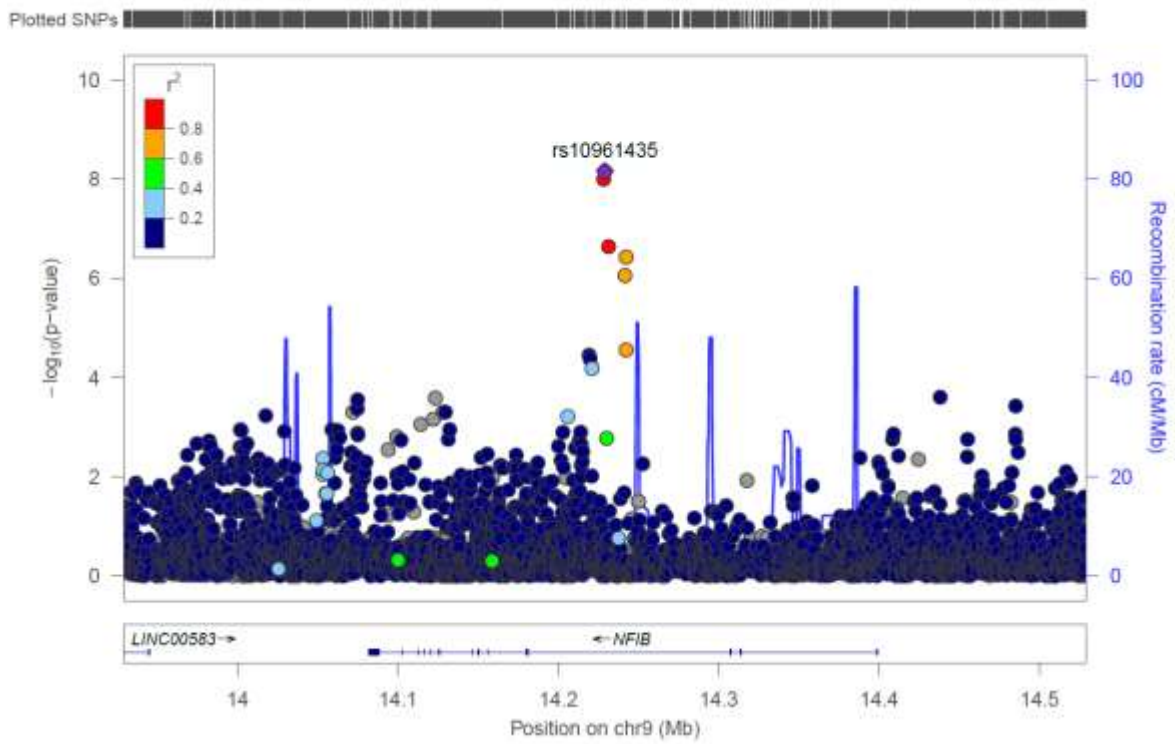

a.

b.

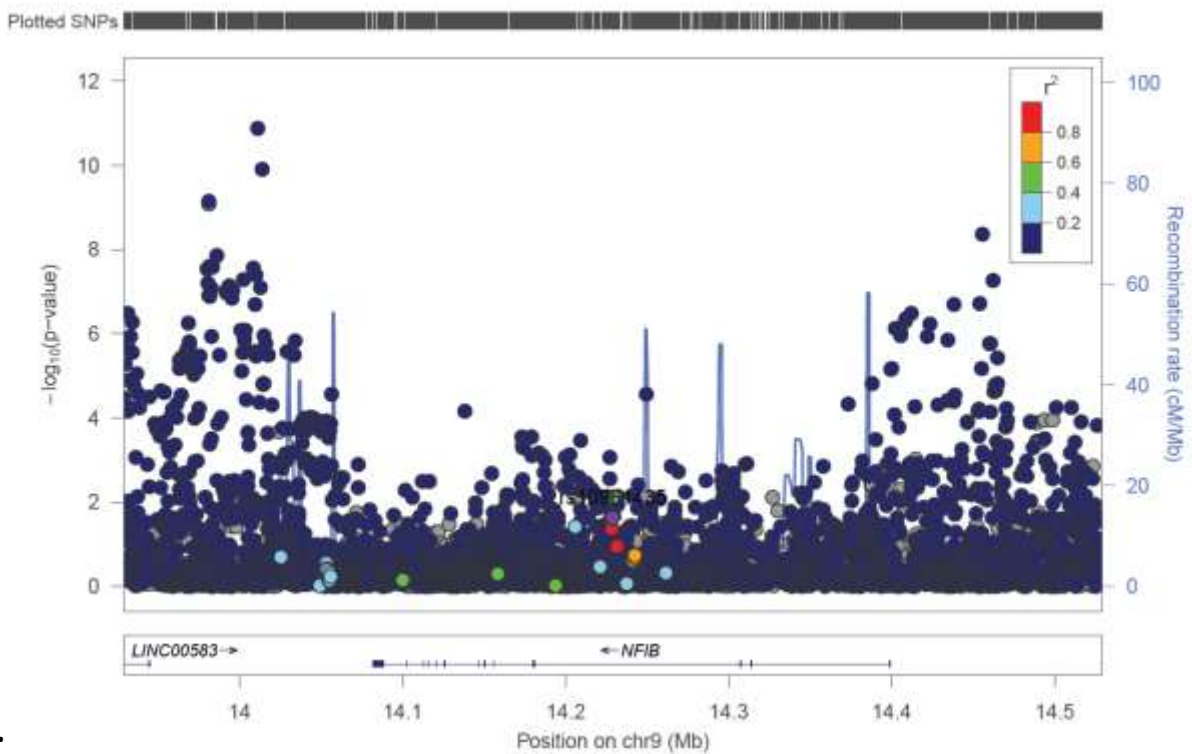

Supplementary Figure 2. The LocusZoom plots for each of the *TBC1D1/LINC01258* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

NFIB

a.

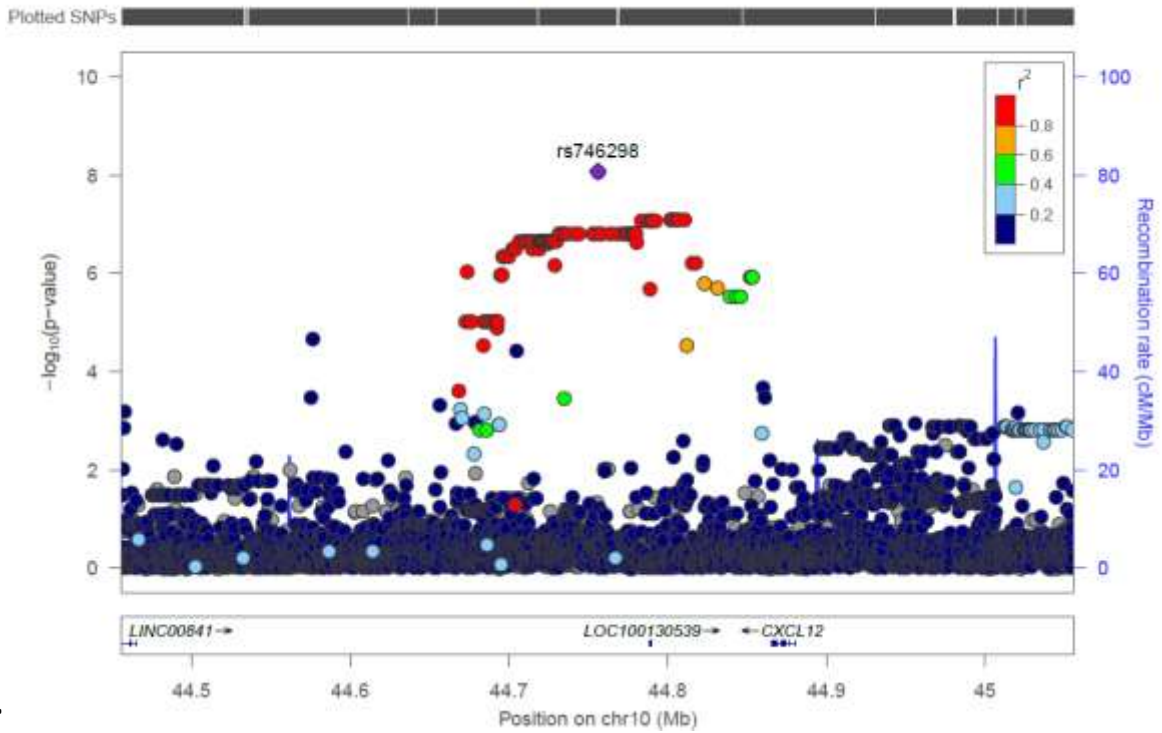

NFIB

b.

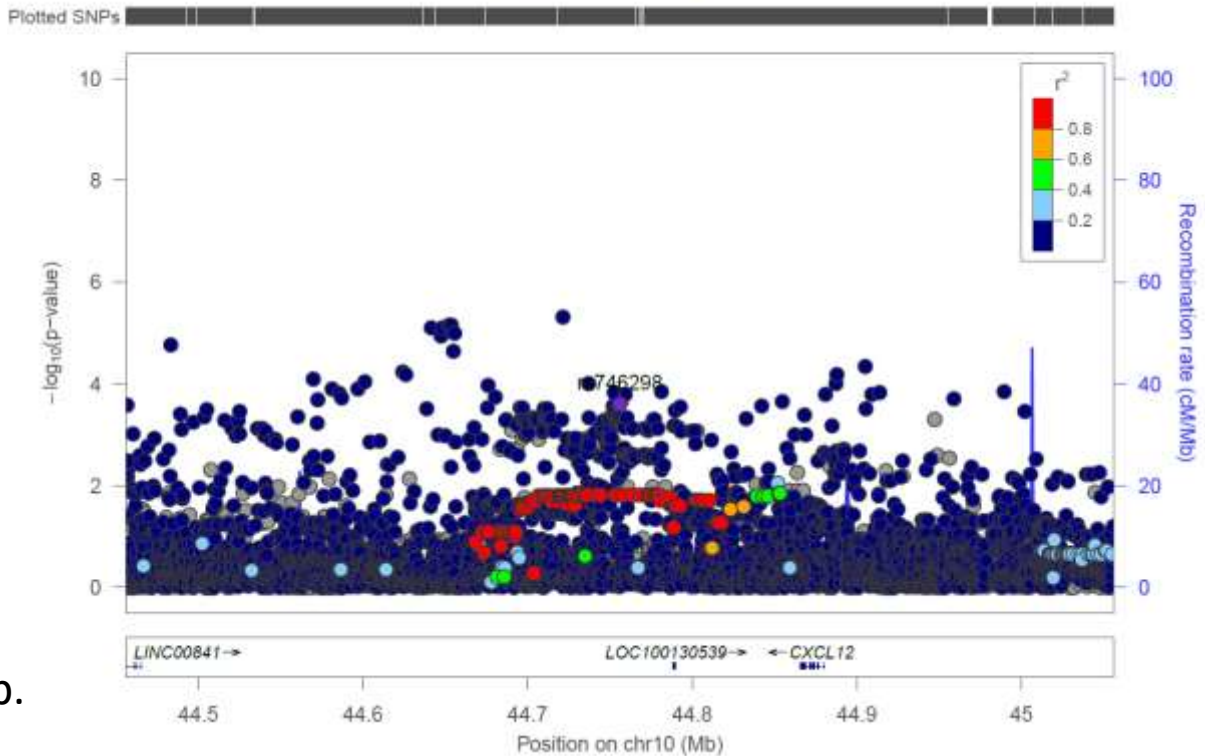

Supplementary Figure 3. The LocusZoom plots for each of the *NFIB* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

LINC00841

a.

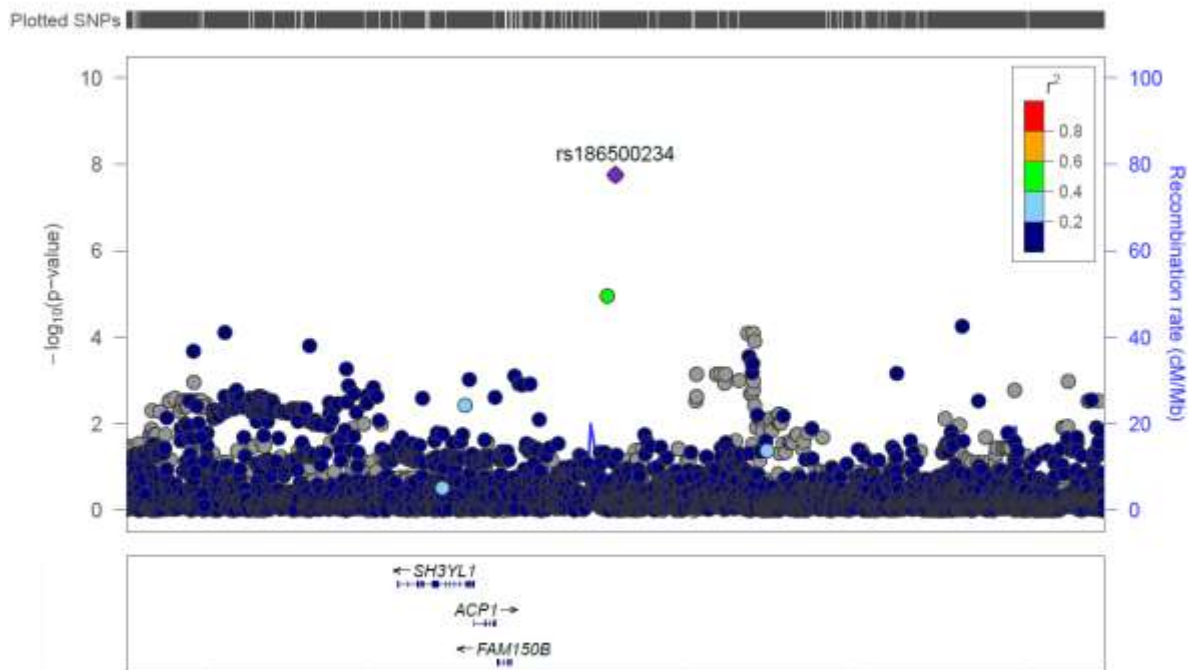

LINC00841

b.

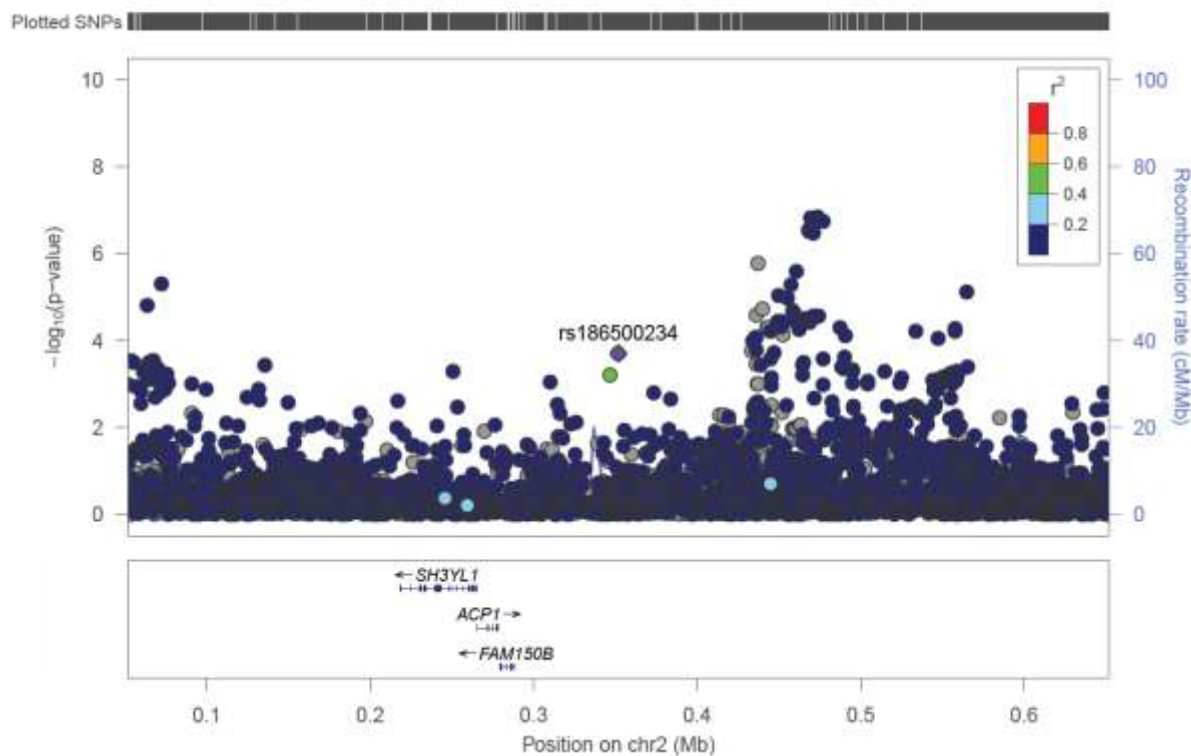

Supplementary Figure 4. The LocusZoom plots for each of the *LINC00841/C10orf142* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

LINC01865

a.

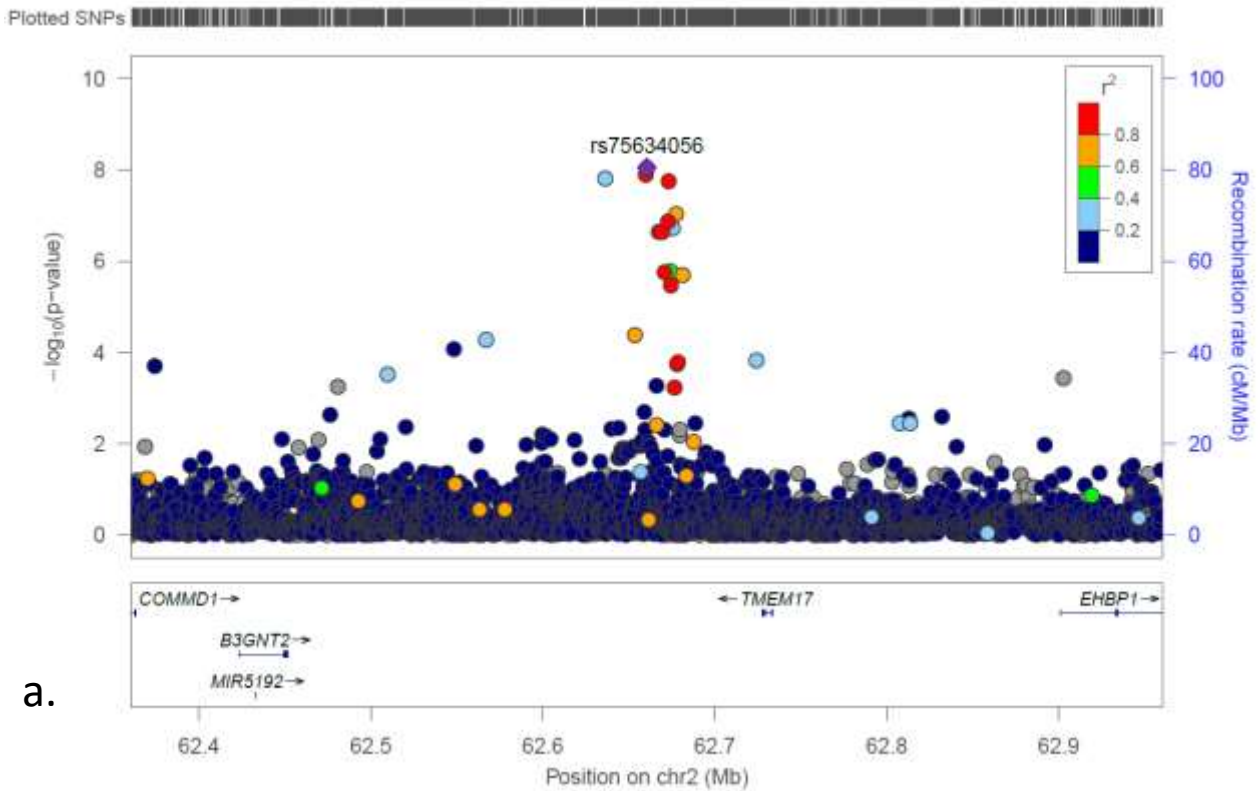

LINC01865

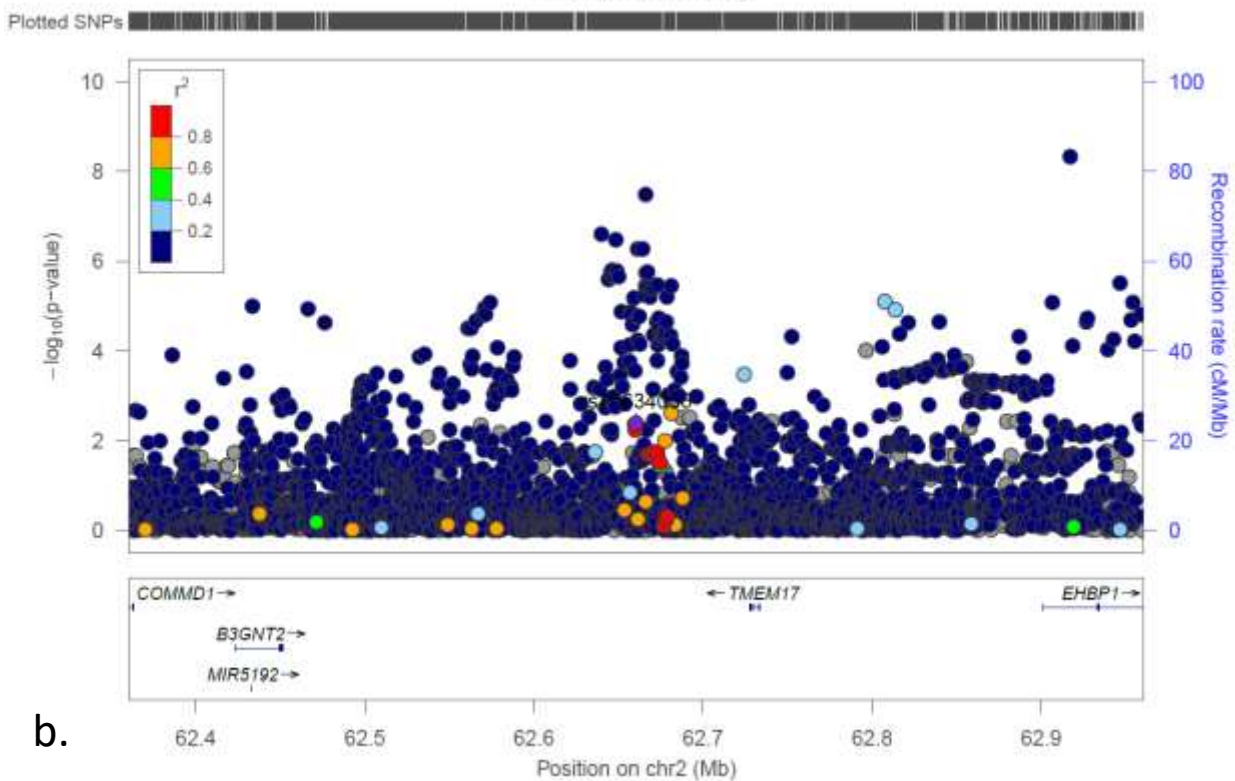

b.

Supplementary Figure 5. The LocusZoom plots for each of the *LINC01865/LINC01874* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

B3GNT2

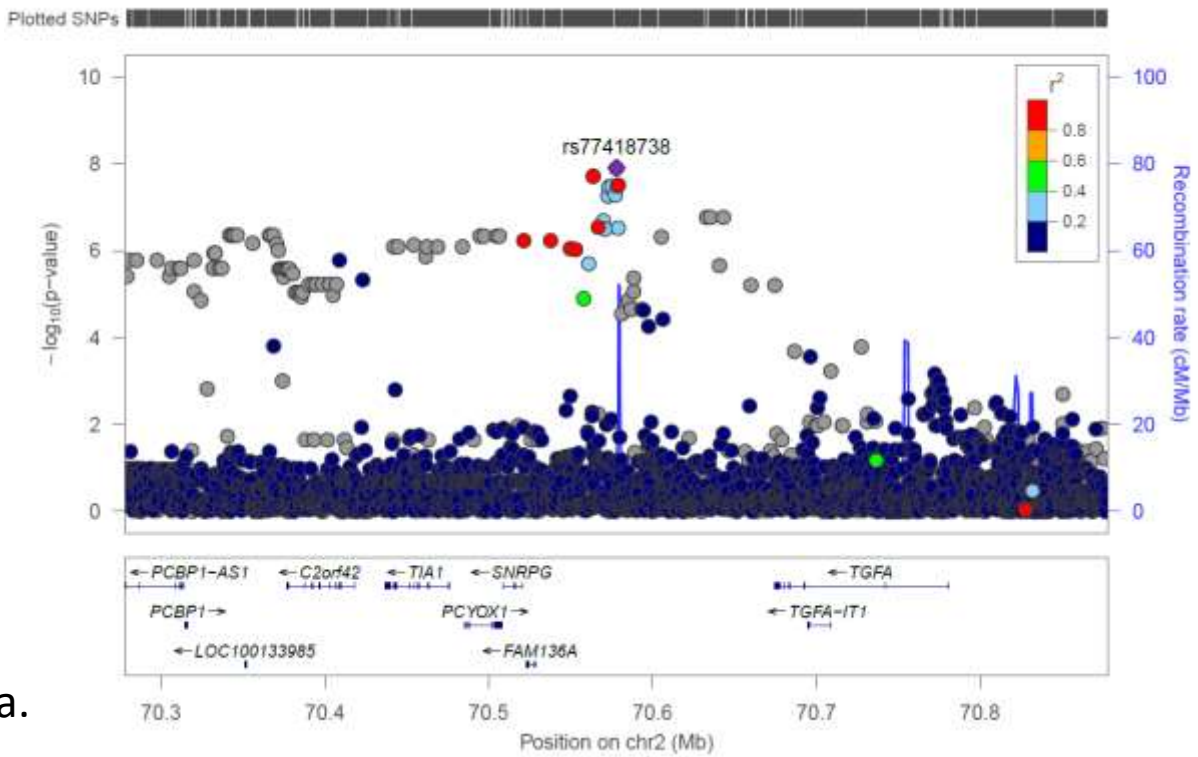

a.

b.

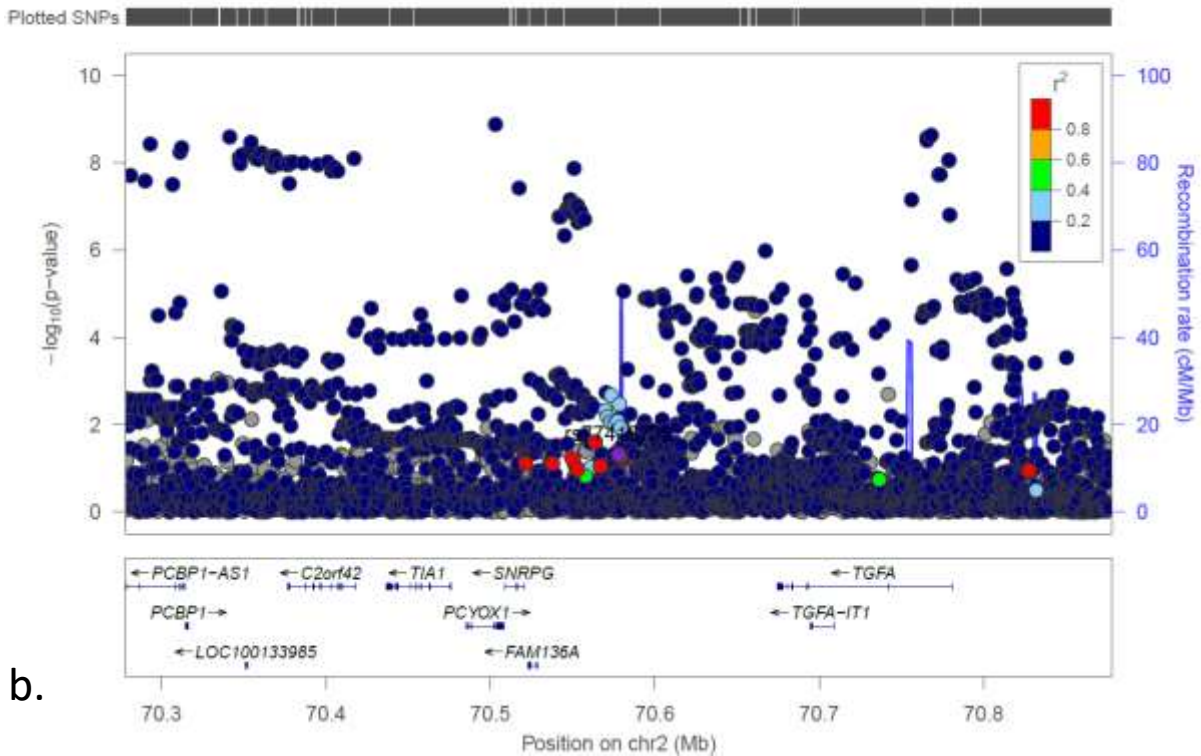

Supplementary Figure 6. The LocusZoom plots for each of the *B3GNT2/TMEM17* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

FAM136A

a.

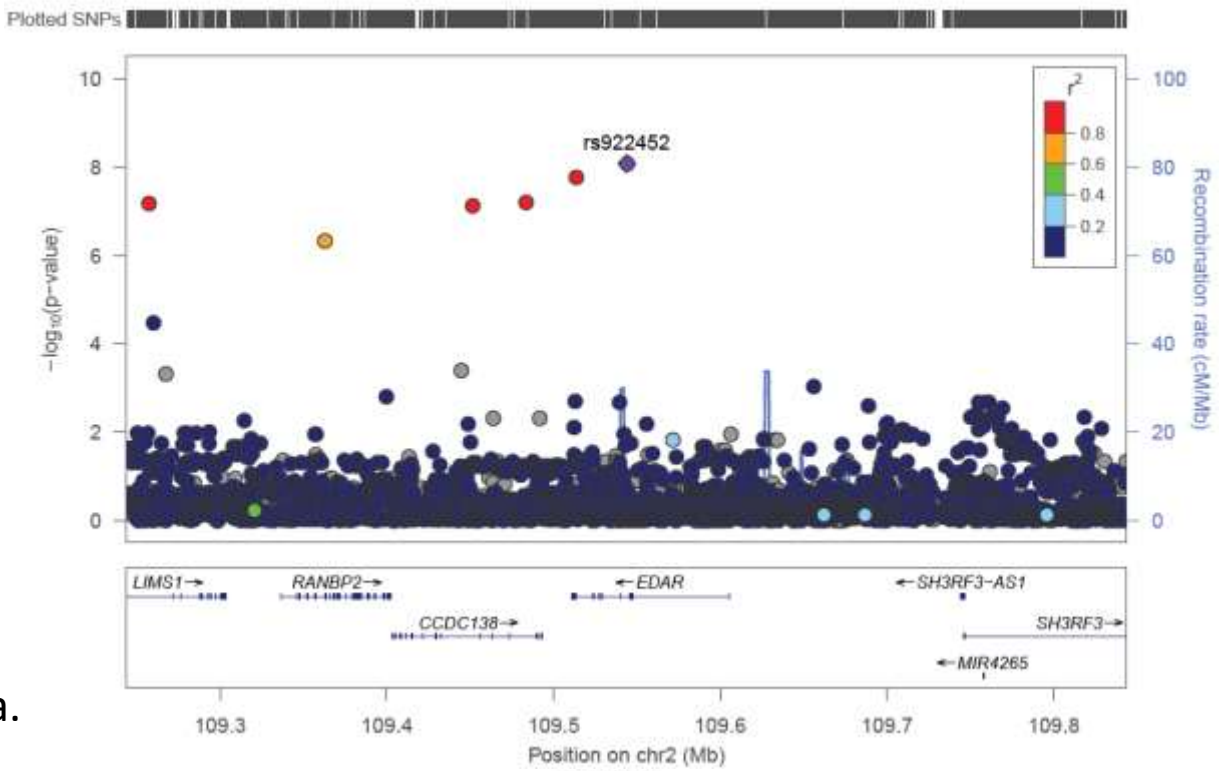

FAM136A

b.

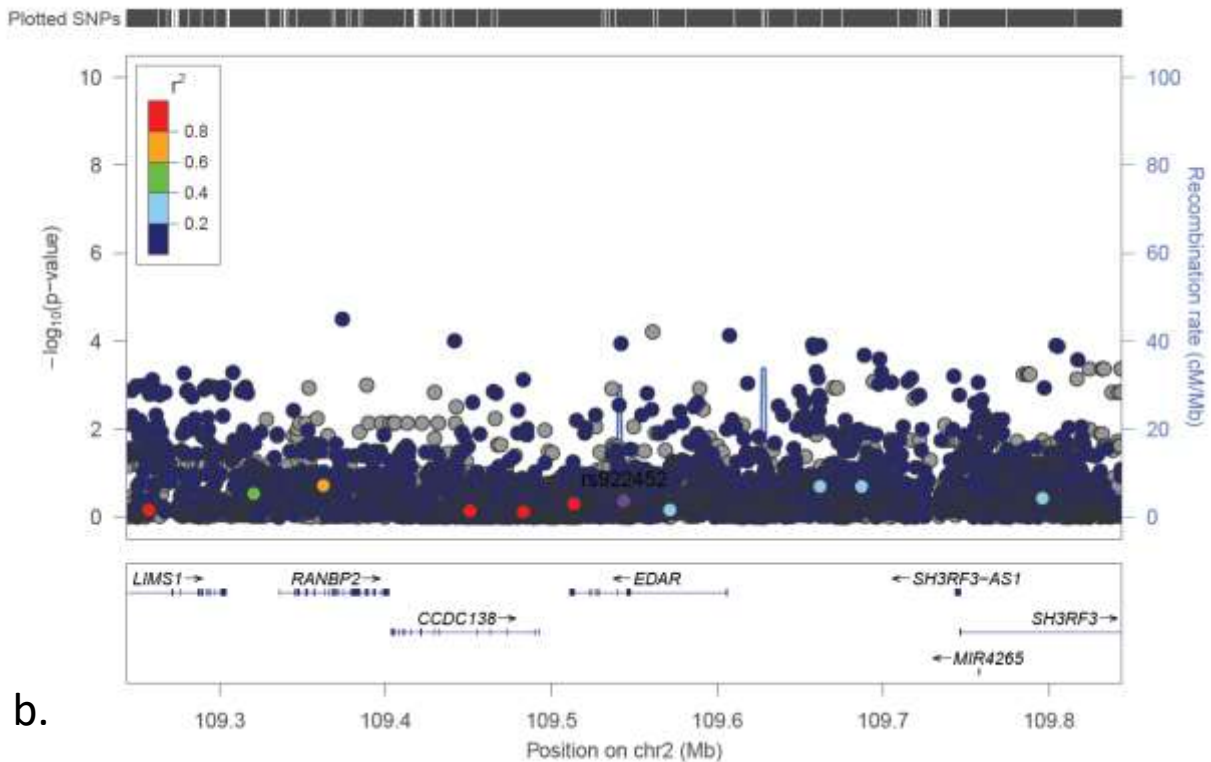

Supplementary Figure 7. The LocusZoom plots for each of the *FAM136A/TGFA* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

EDAR

a.

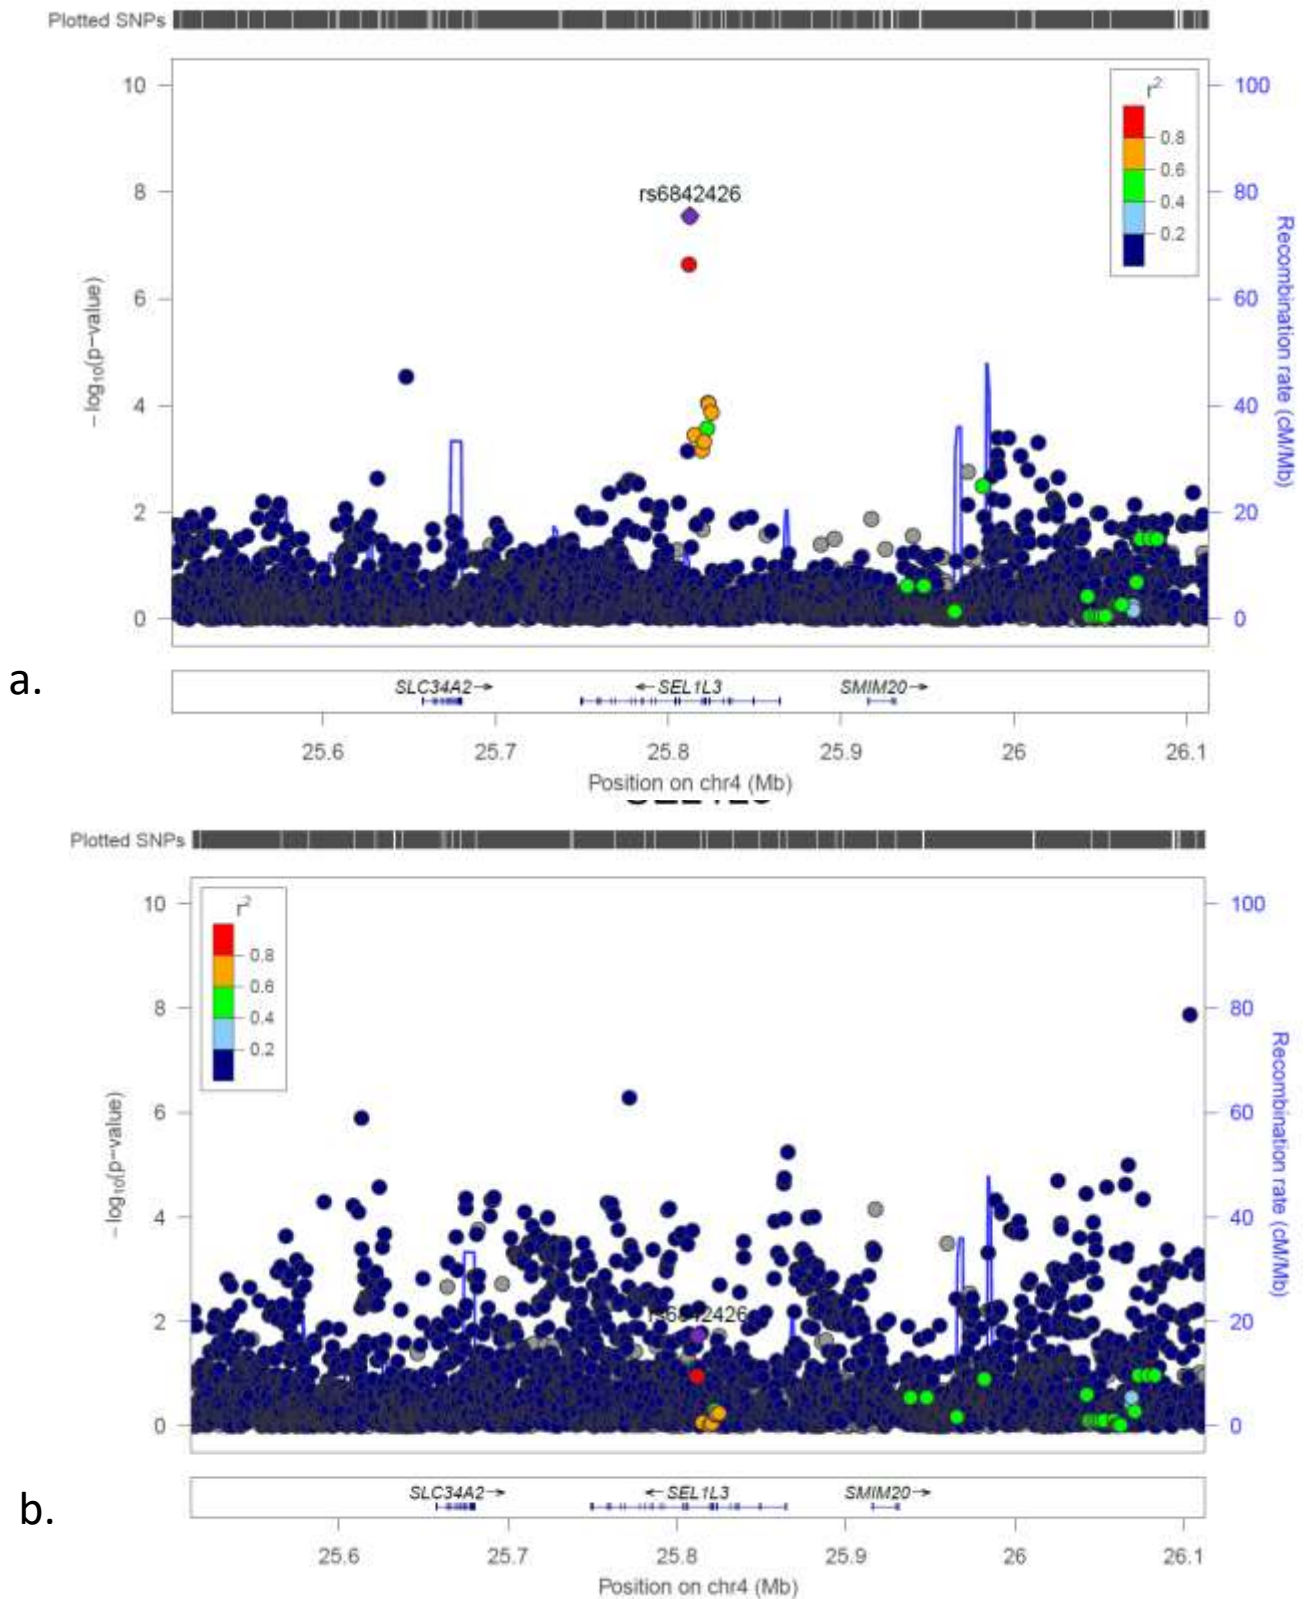

EDAR

b.

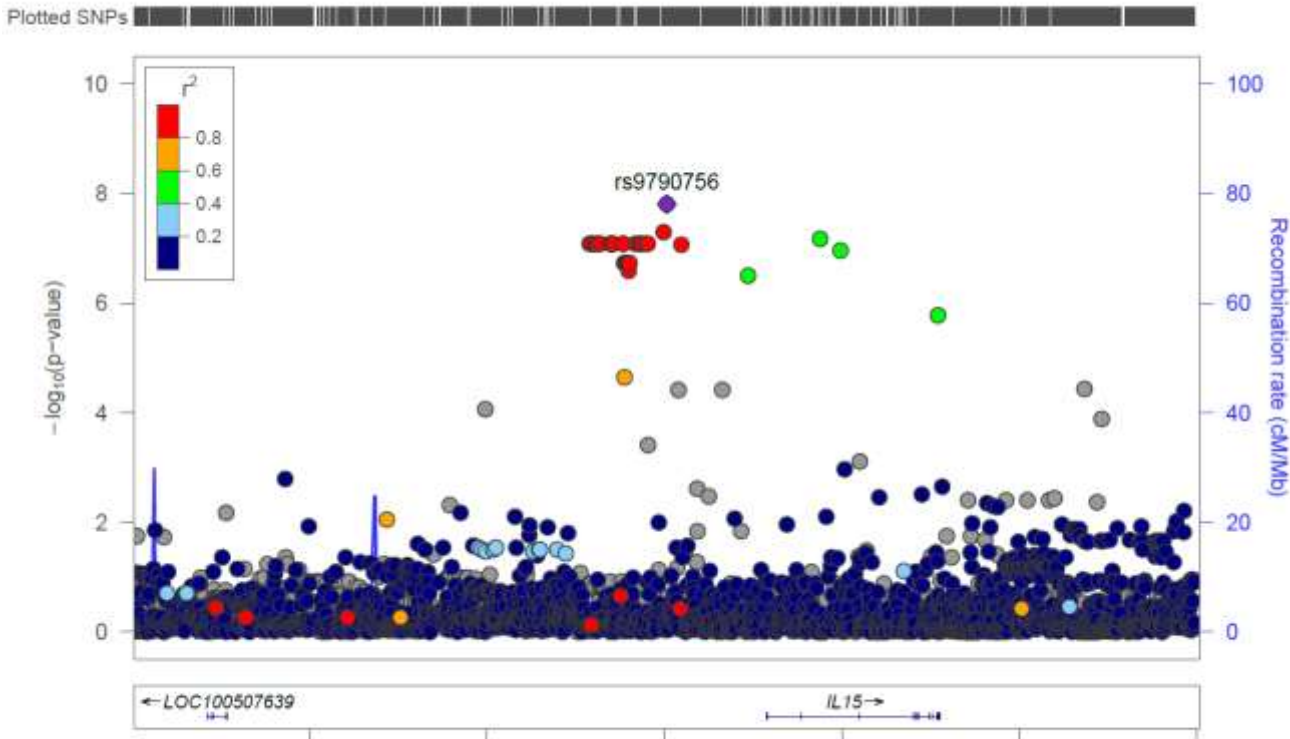

Supplementary Figure 8. The LocusZoom plots for each of the *GCC2/EDR* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

SEL1L3

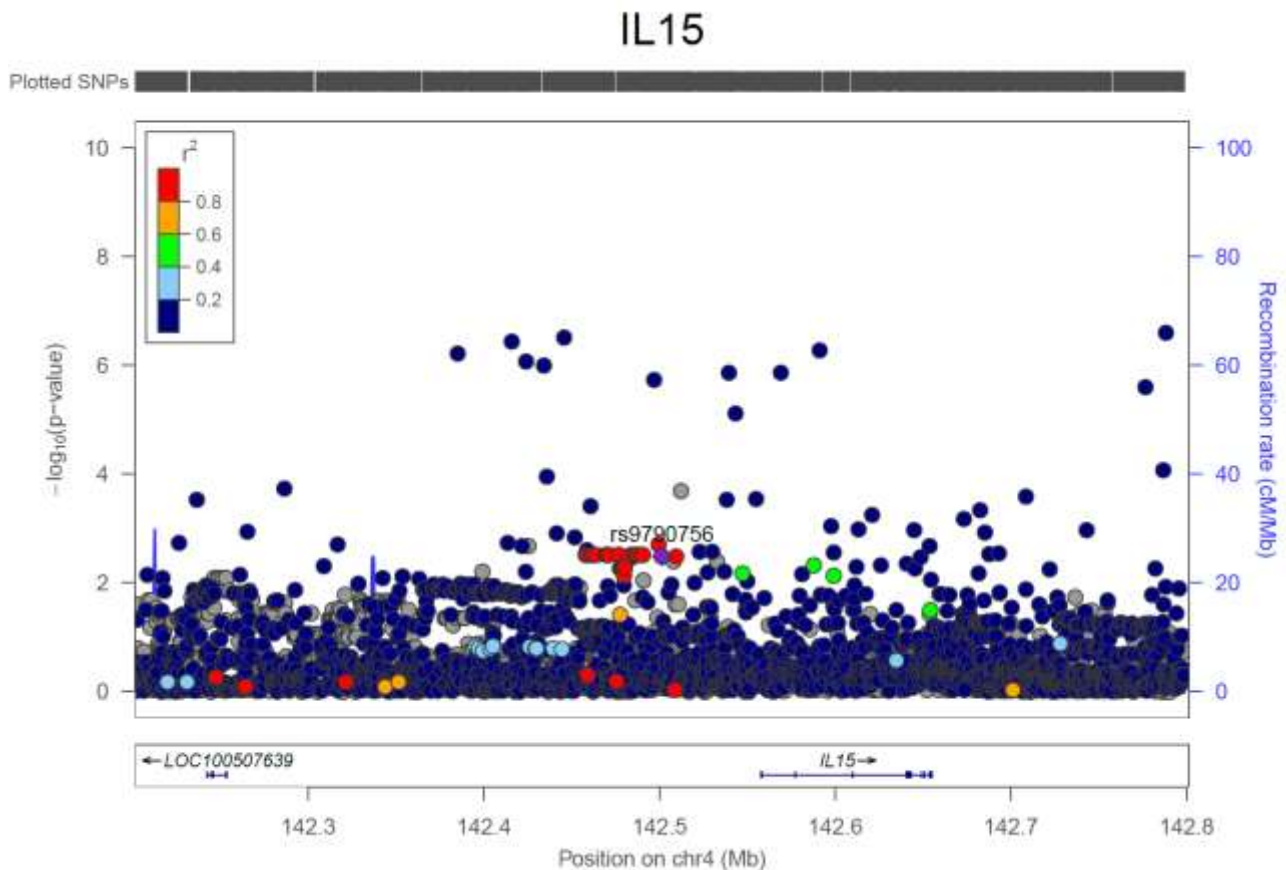

Supplementary Figure 9. The LocusZoom plots for each of the *SEL1L3* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

IL15

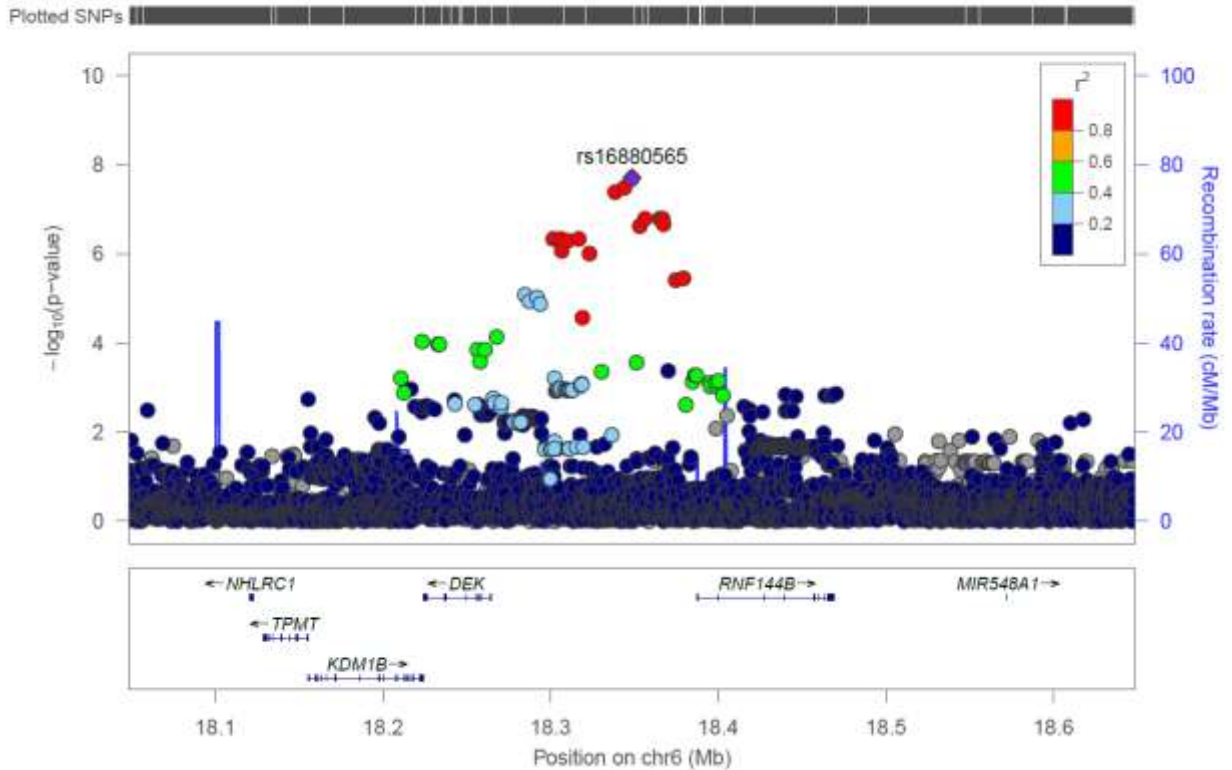

a.

b.

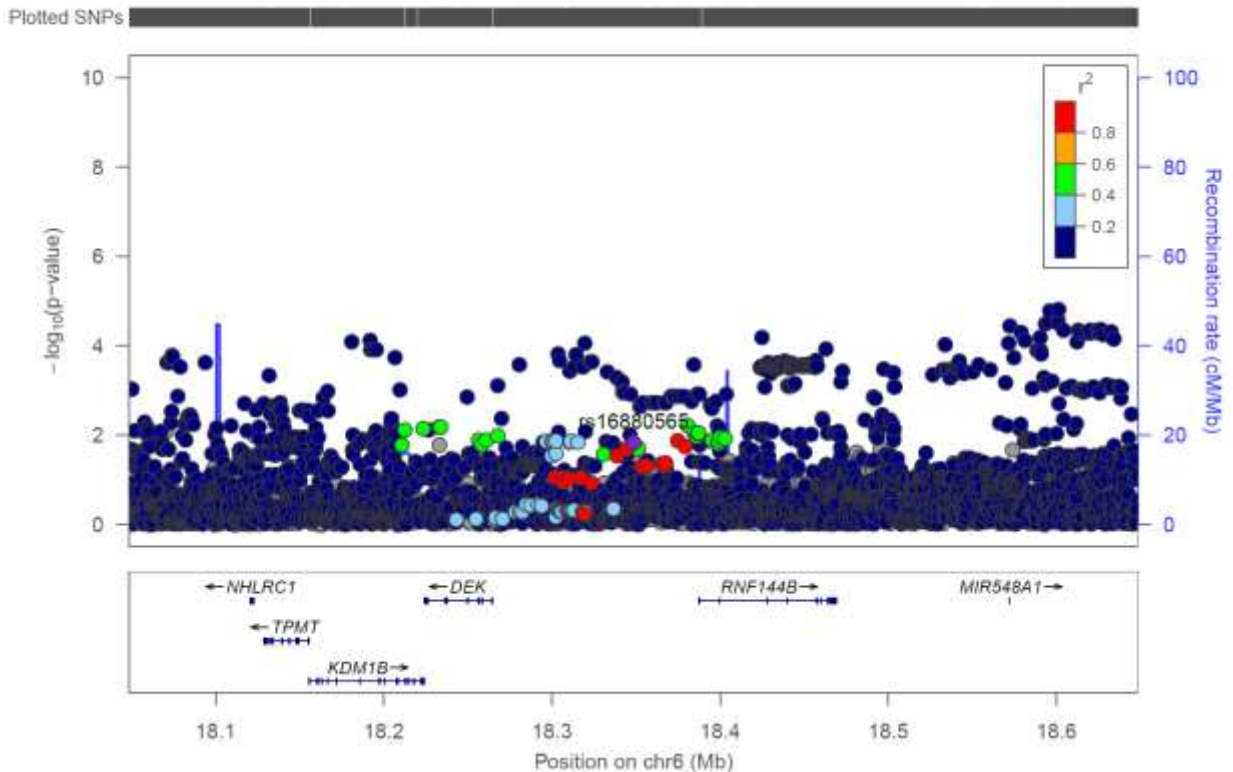

Supplementary Figure 10. The LocusZoom plots for each of the *LINC02432/IL15* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

DEK

a.

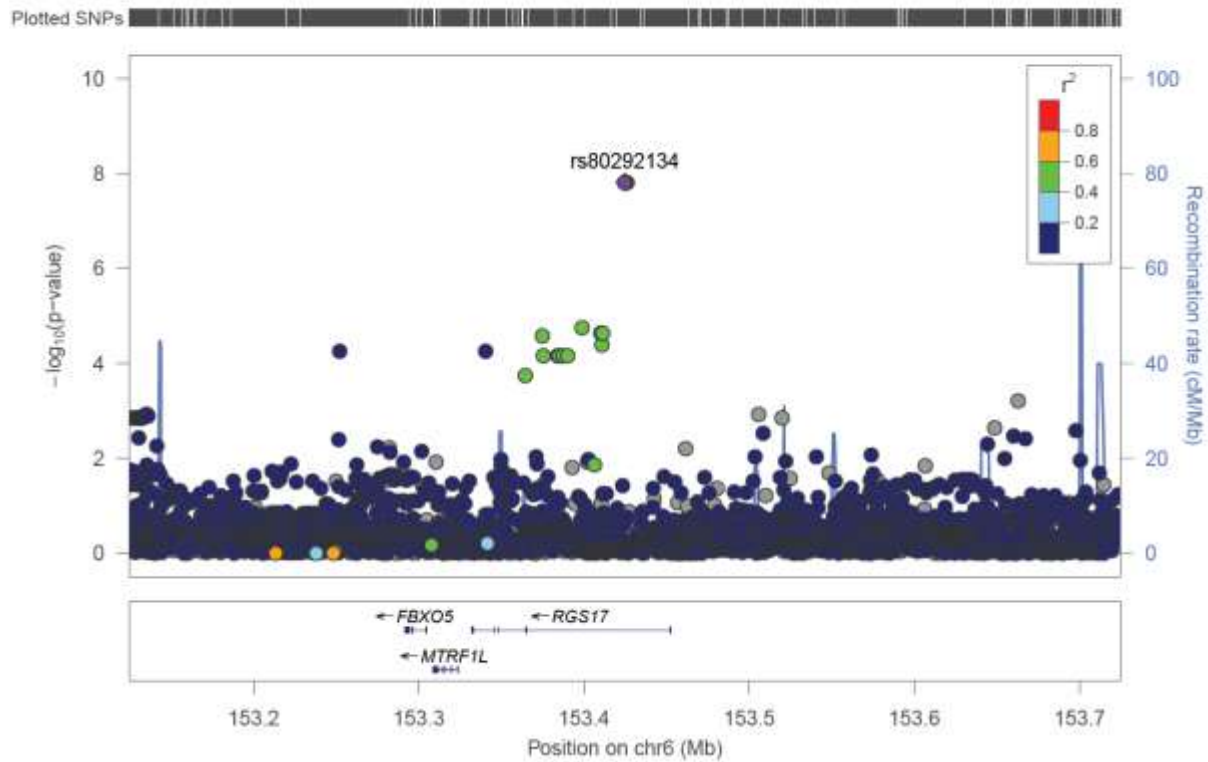

DEK

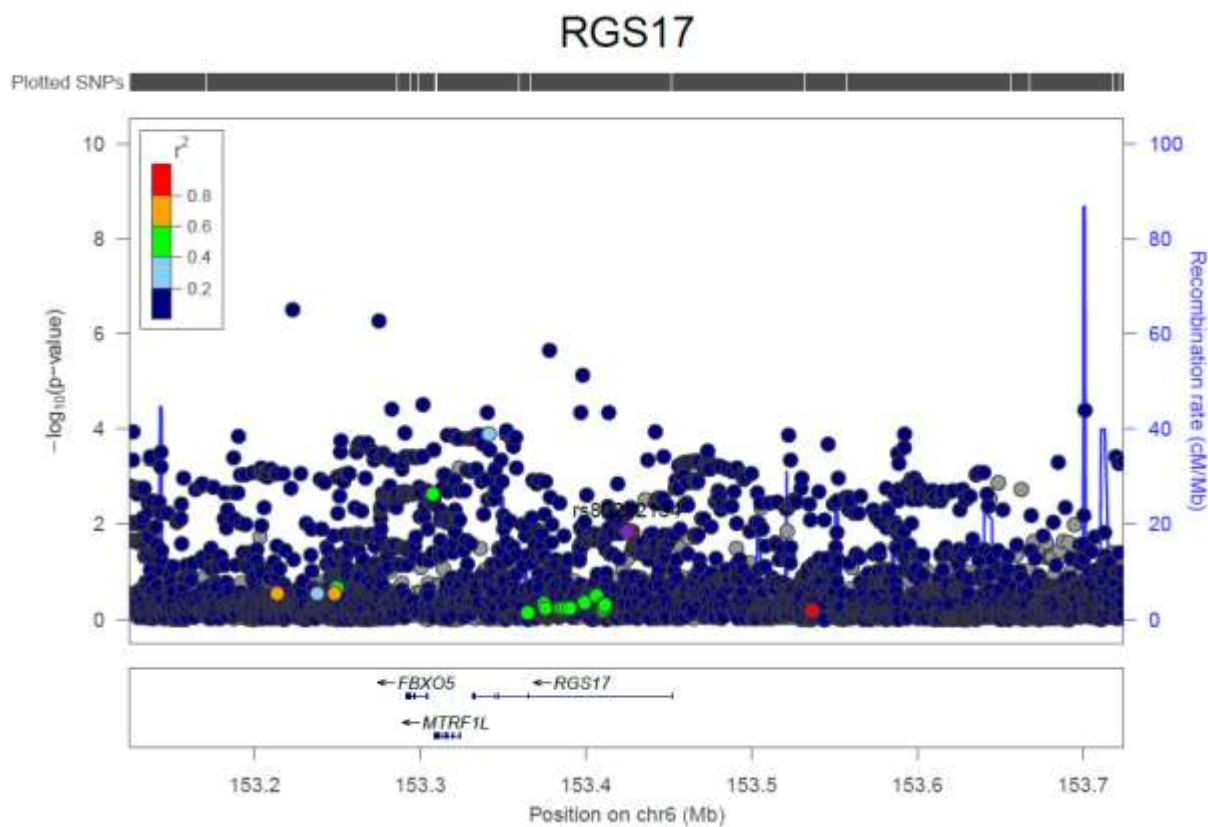

b.

Supplementary Figure 11. The LocusZoom plots for each of the *DEK/RNF144B* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

RGS17

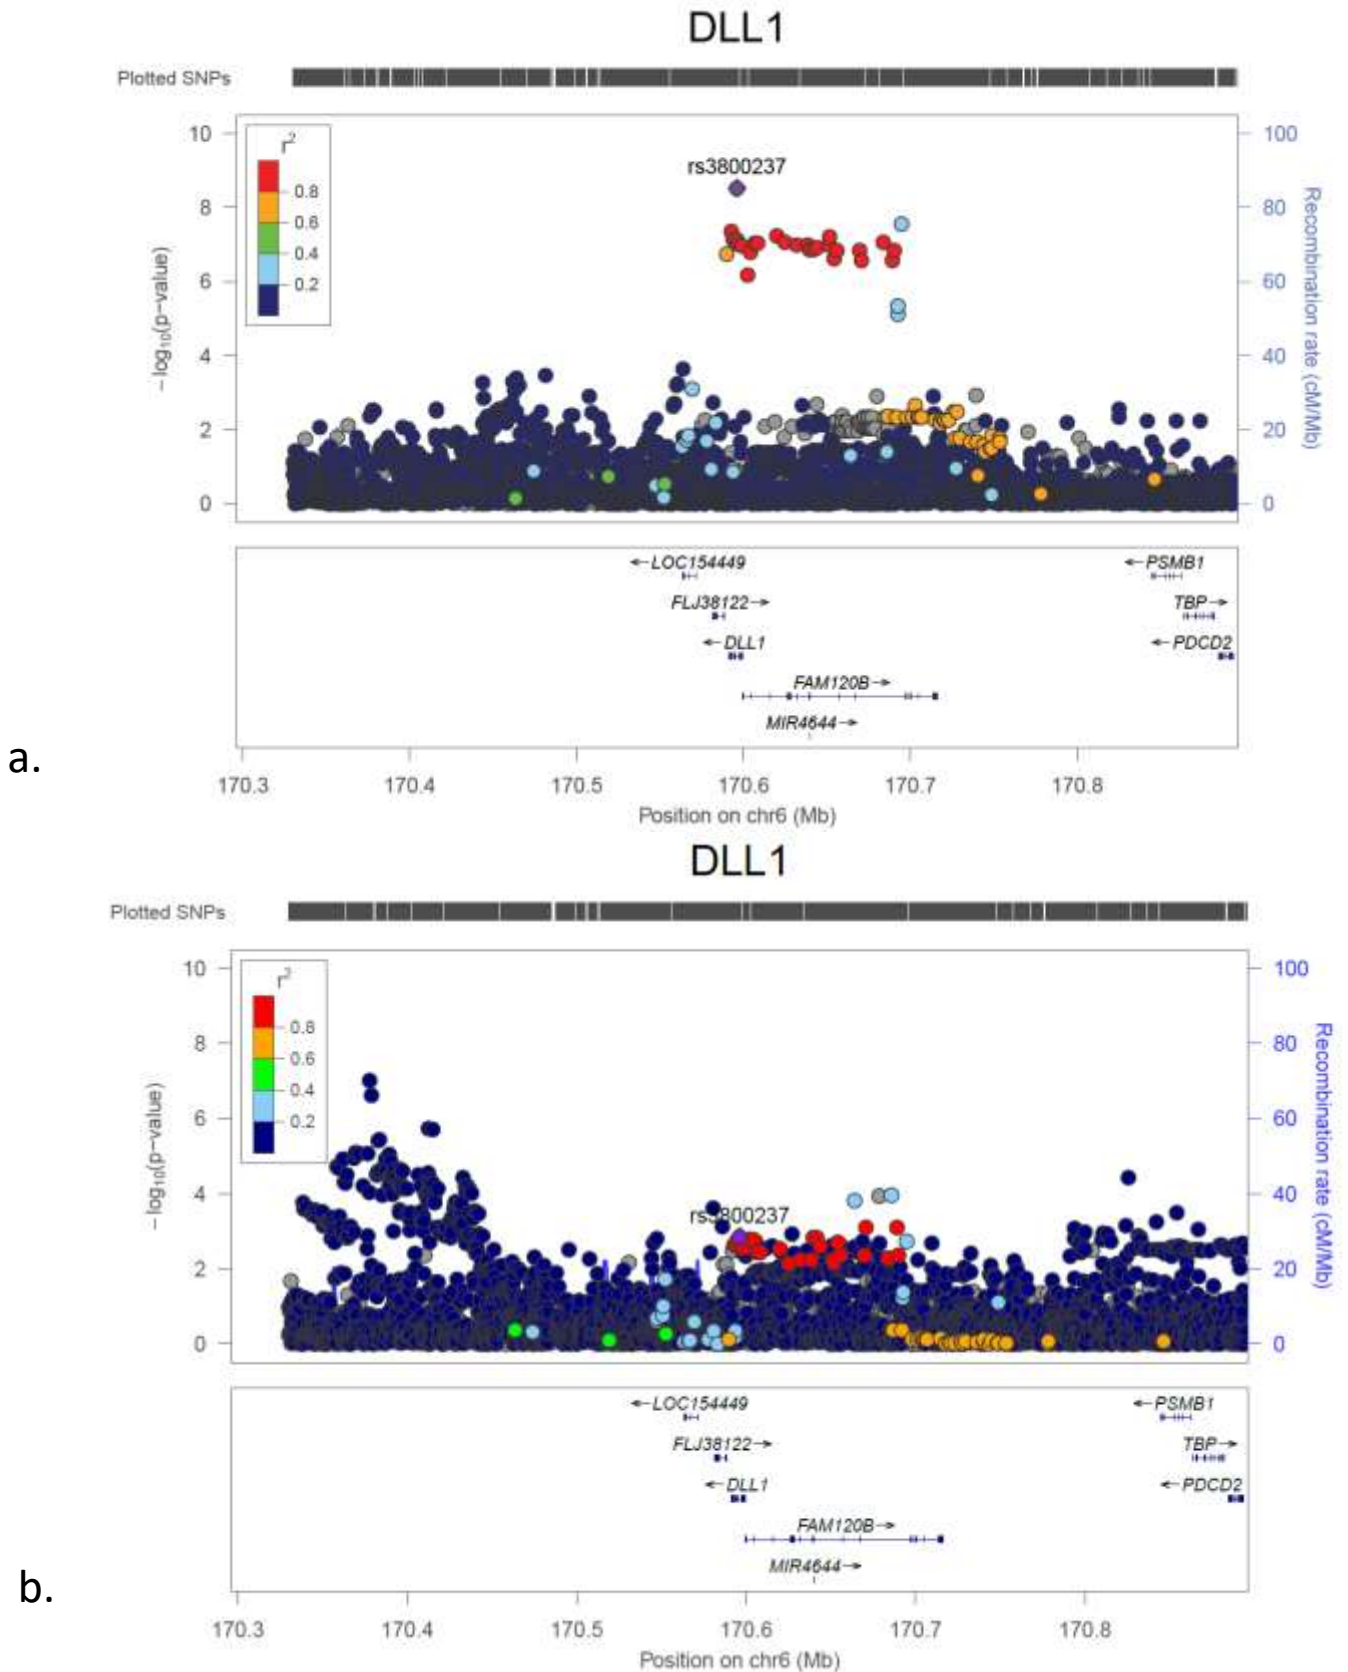

a.

b.

Supplementary Figure 12. The LocusZoom plots for each of the *RGS17* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

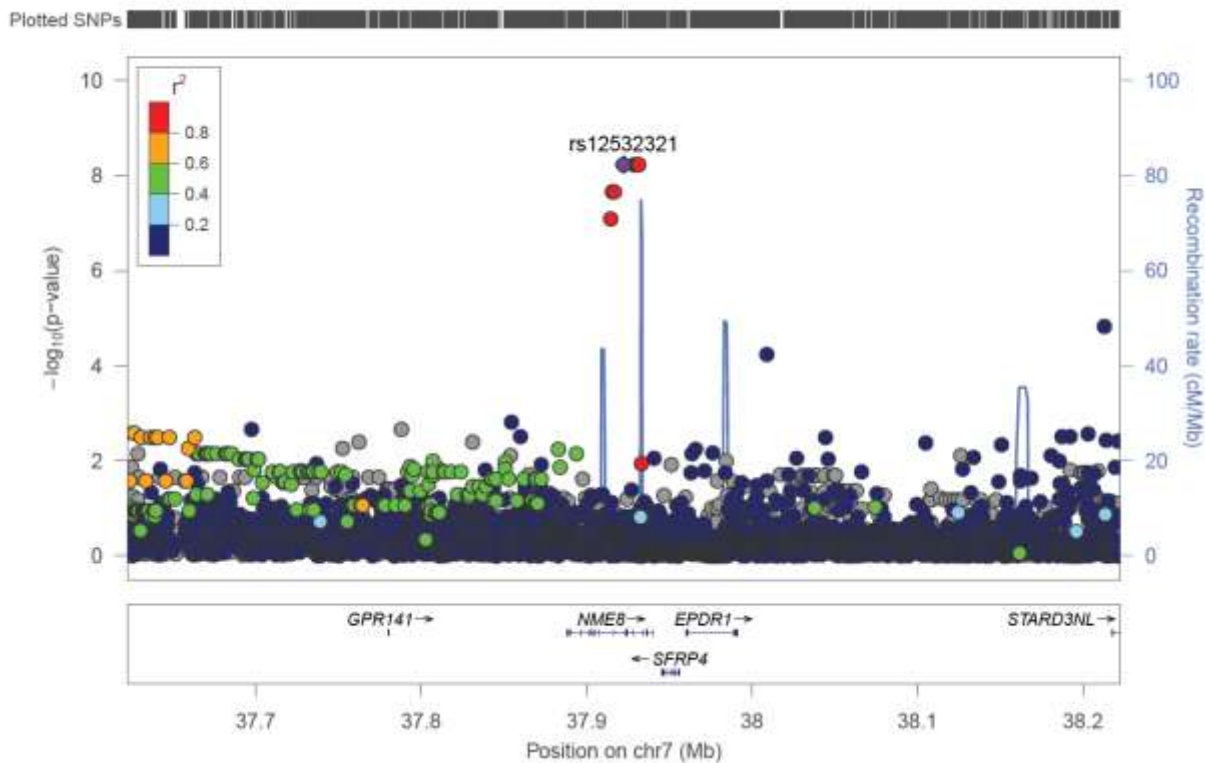

a.

b.

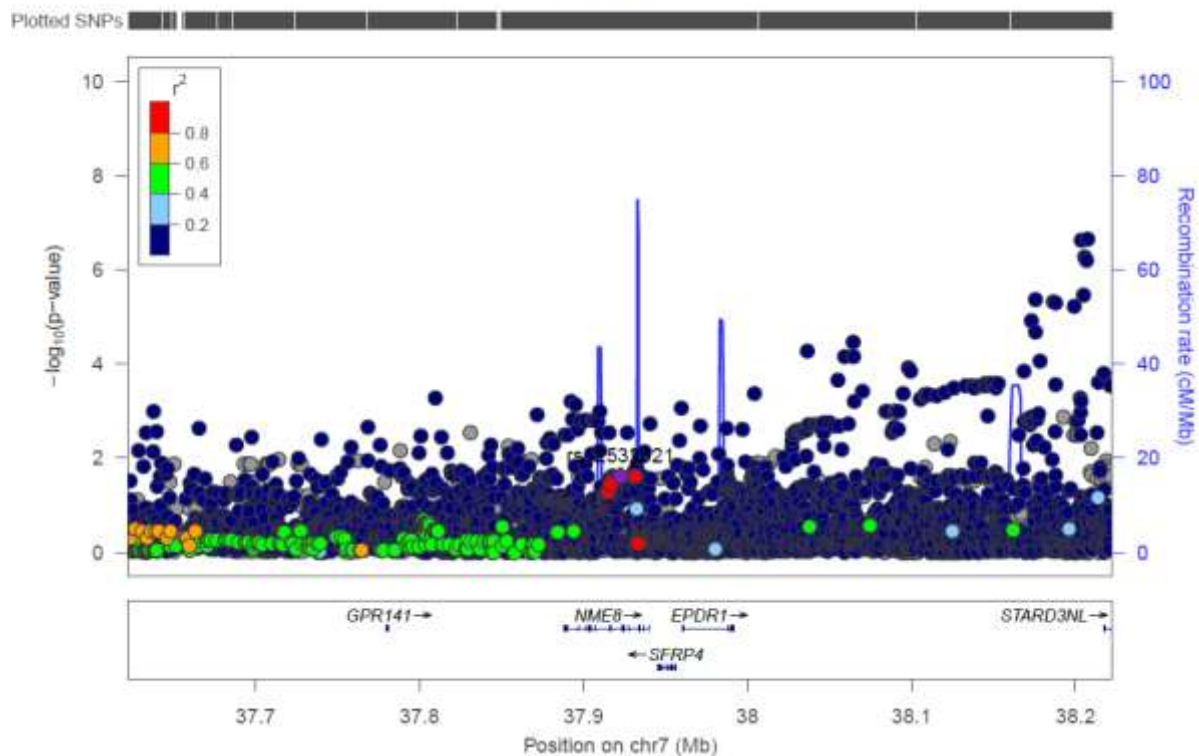

Supplementary Figure 13. The LocusZoom plots for each of the *DLL1/FAM120B* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

NME8

a.

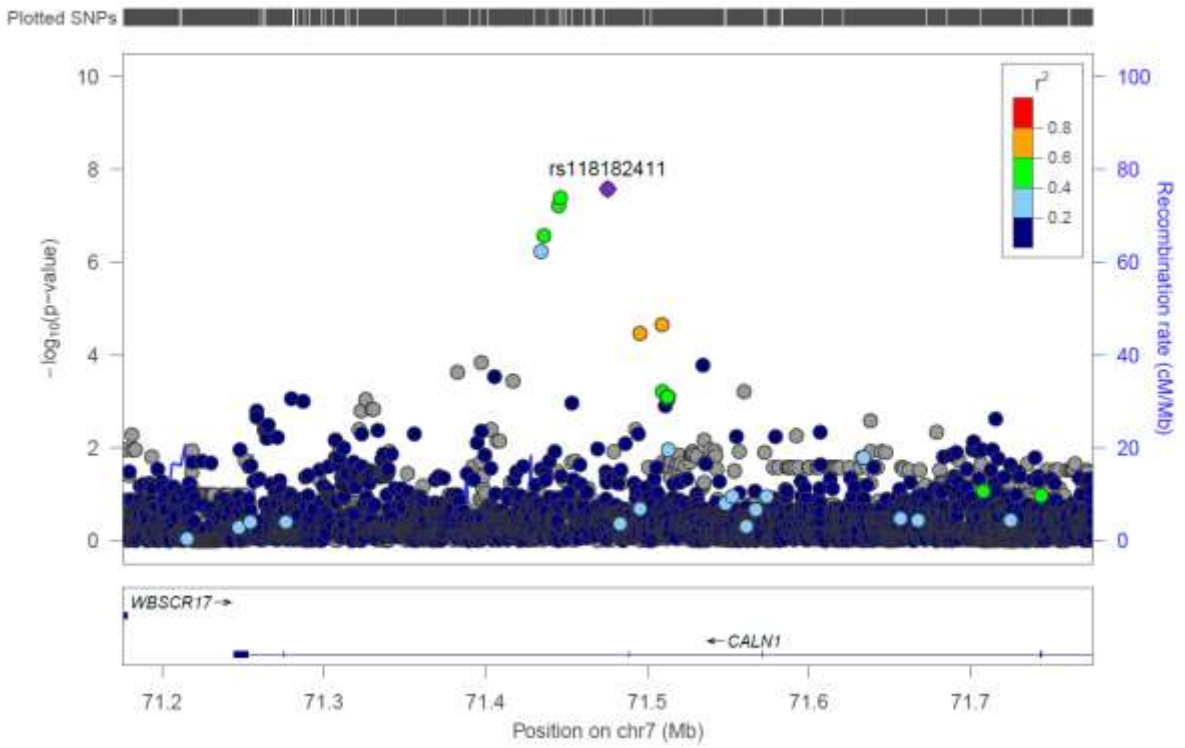

NME8

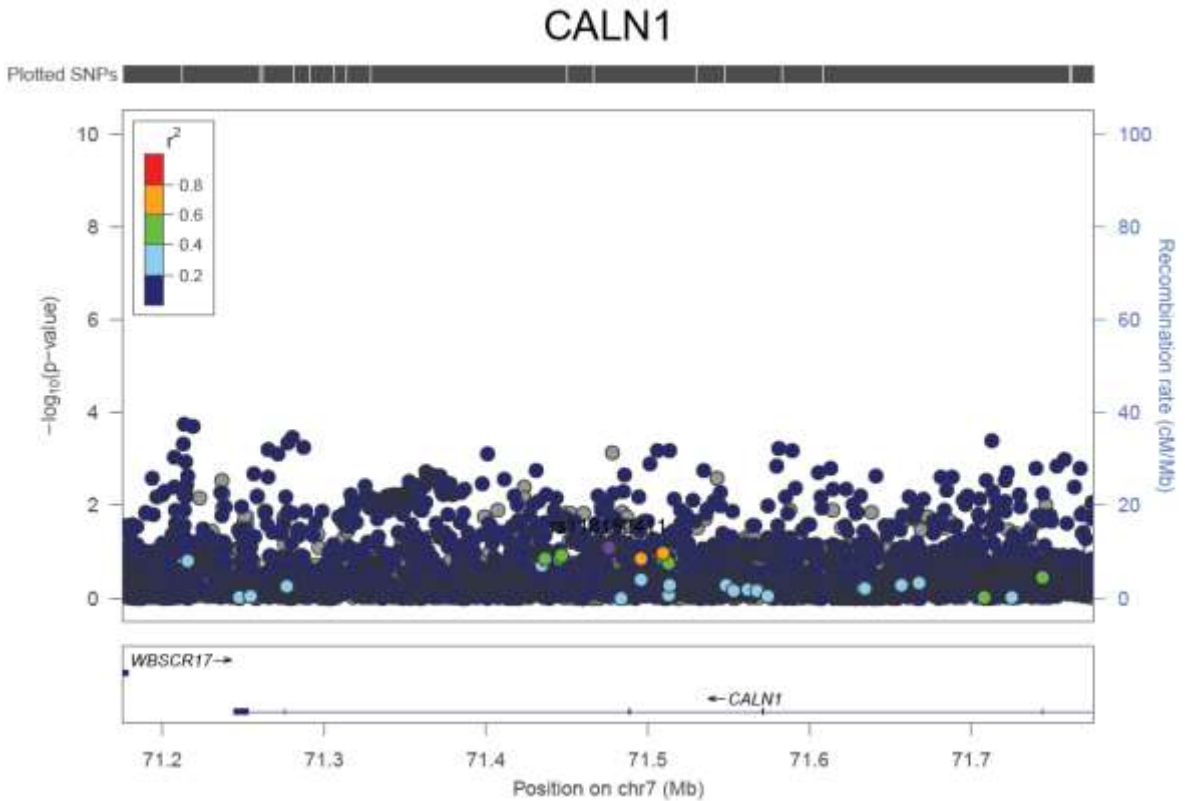

b.

Supplementary Figure 14. The LocusZoom plots for each of the *NME8* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

CALN1

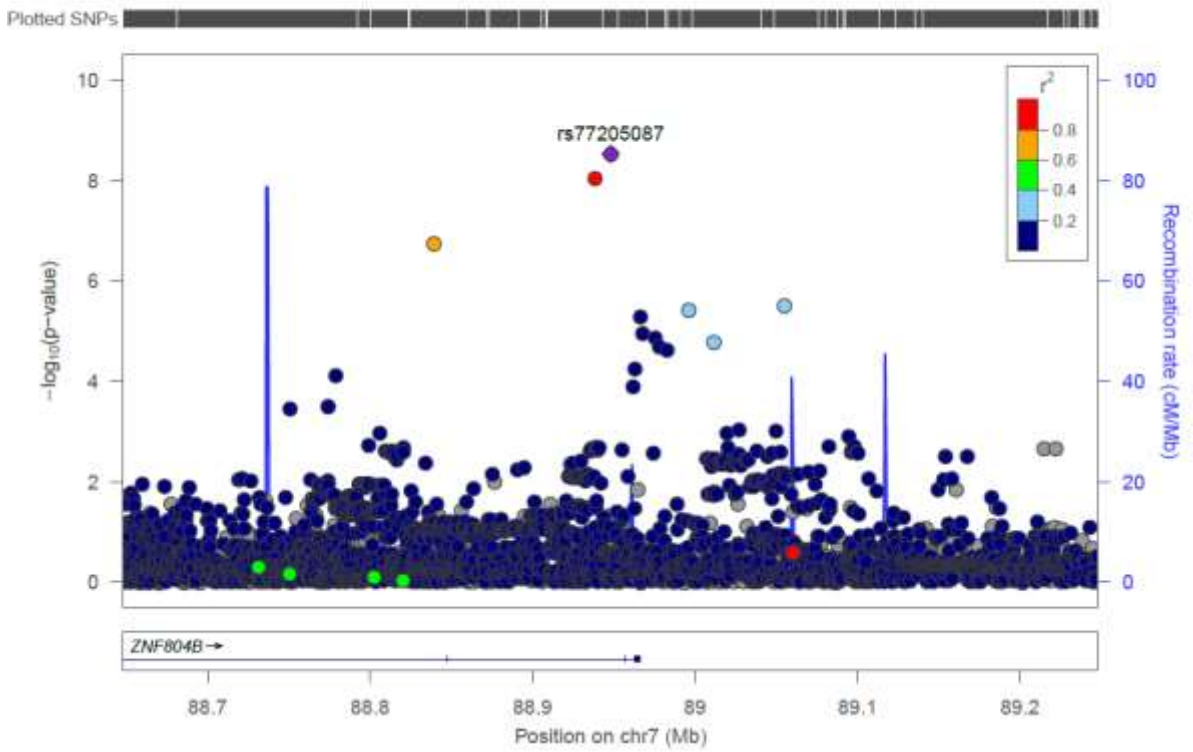

a.

b.

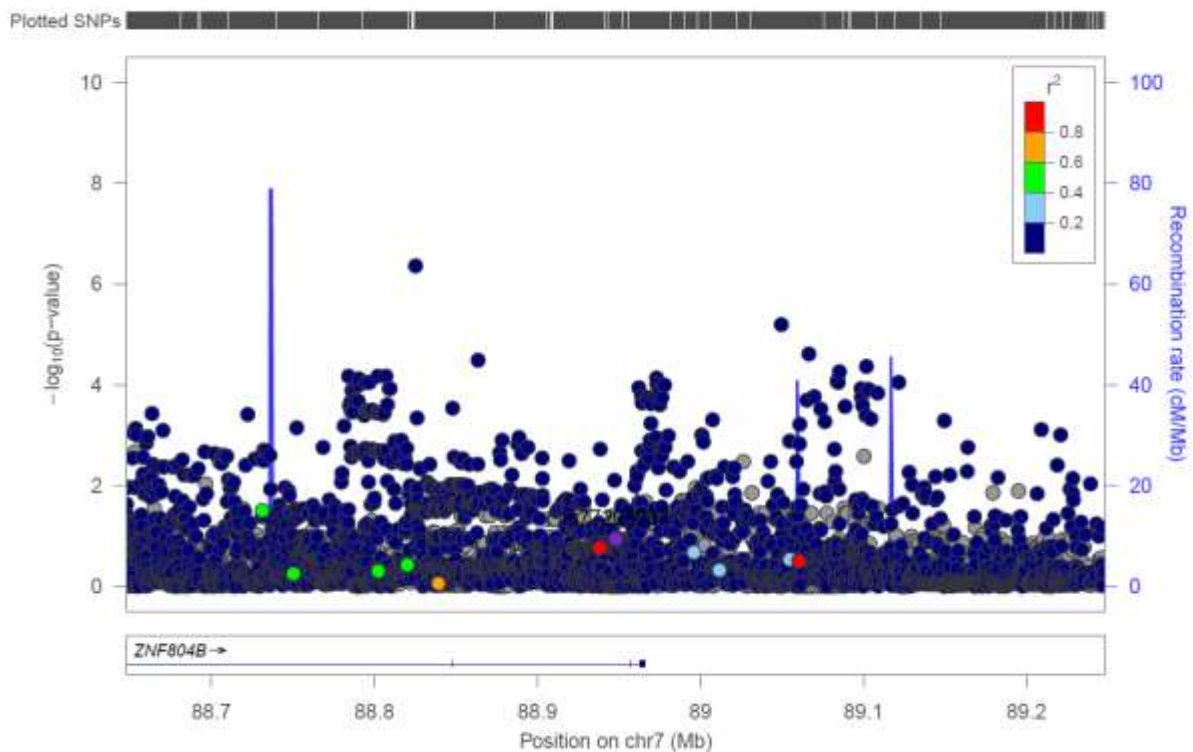

Supplementary Figure 15. The LocusZoom plots for each of the *CALN1* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

ZNF804B

a.

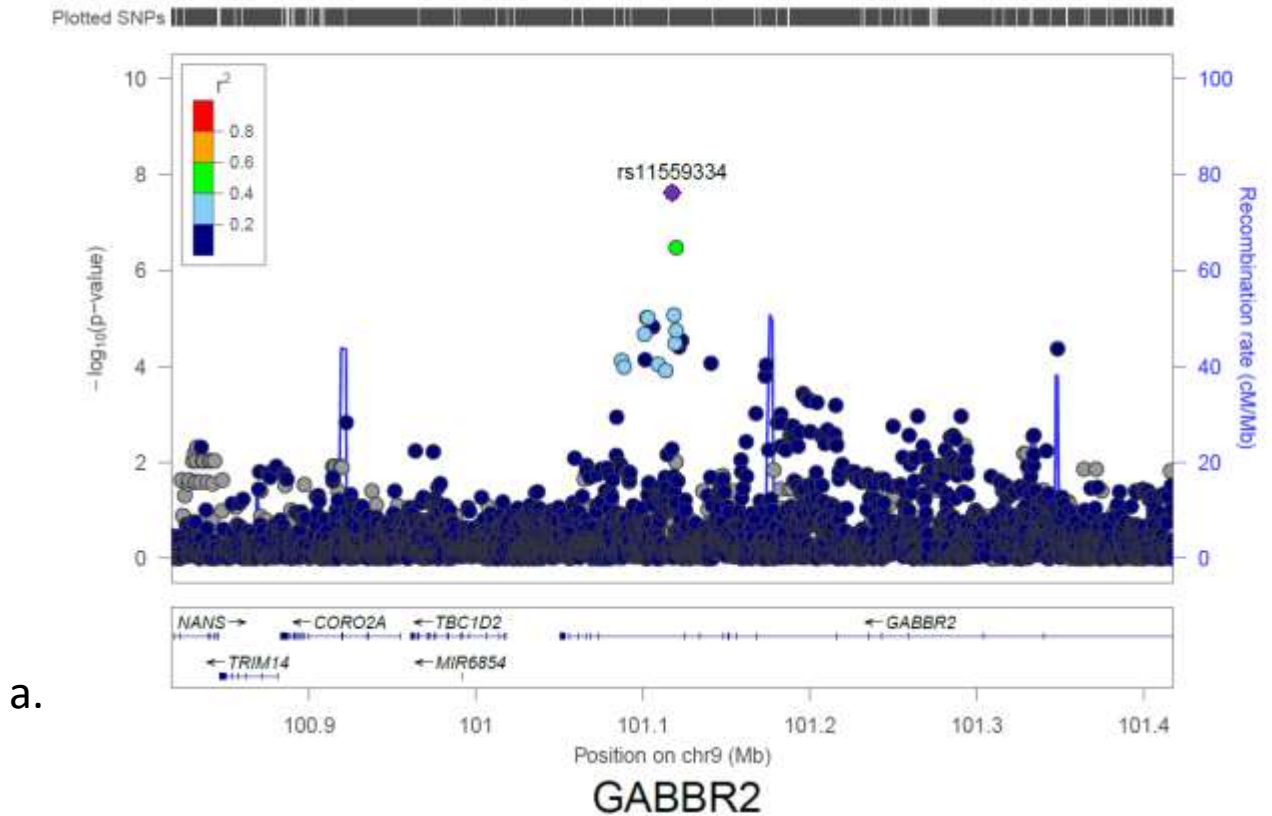

ZNF804B

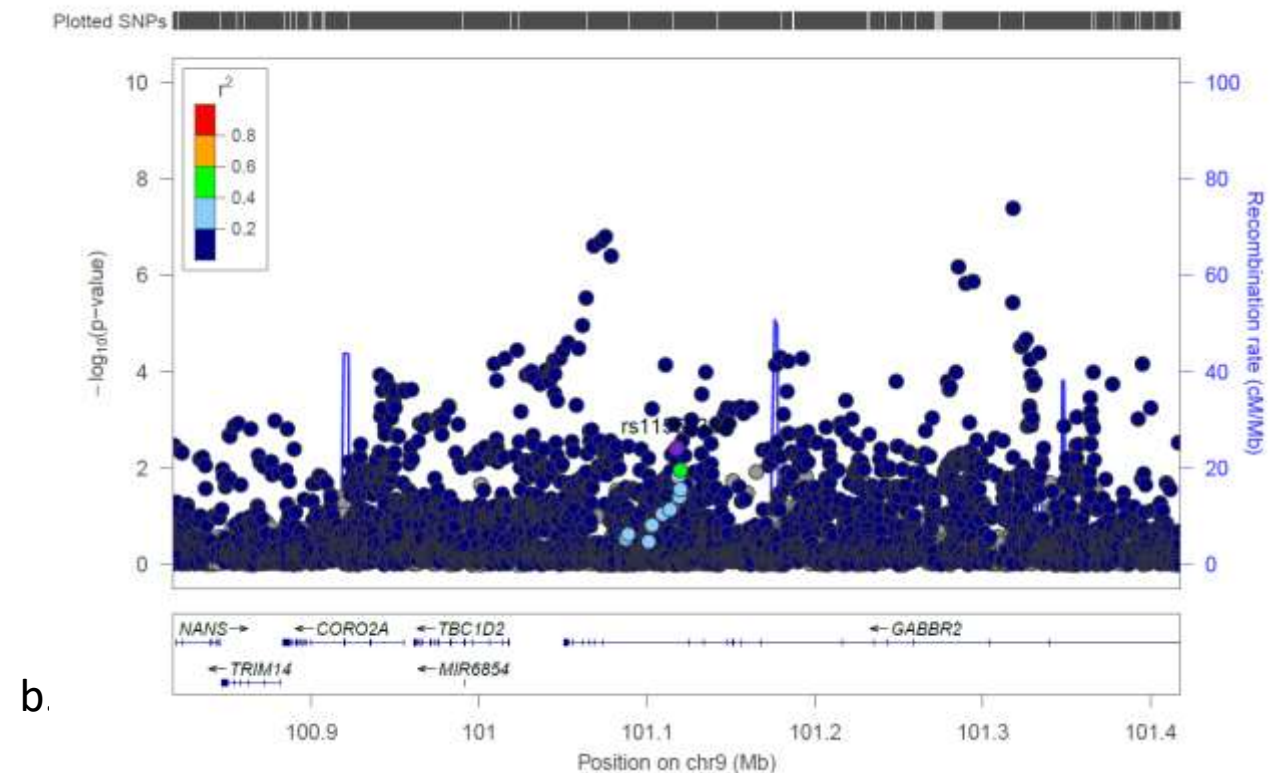

b.

Supplementary Figure 16. The LocusZoom plots for each of the *ZNF804B* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

GABBR2

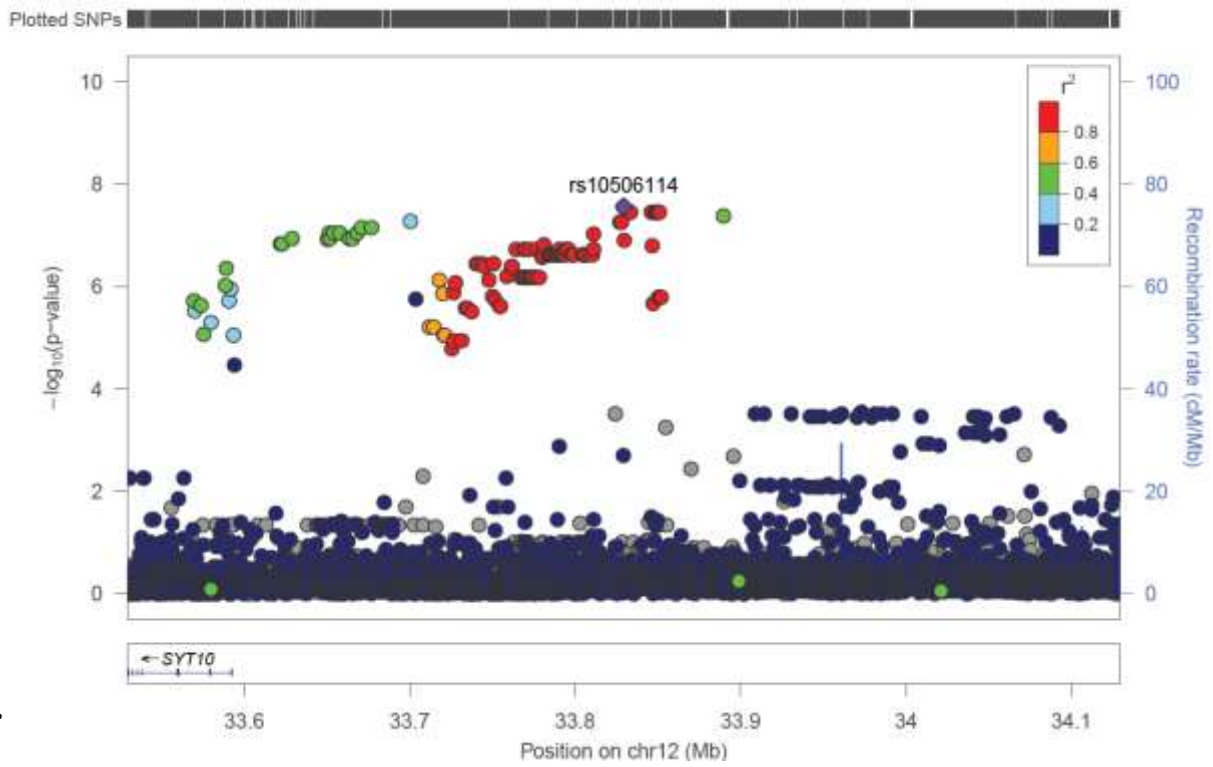

a.

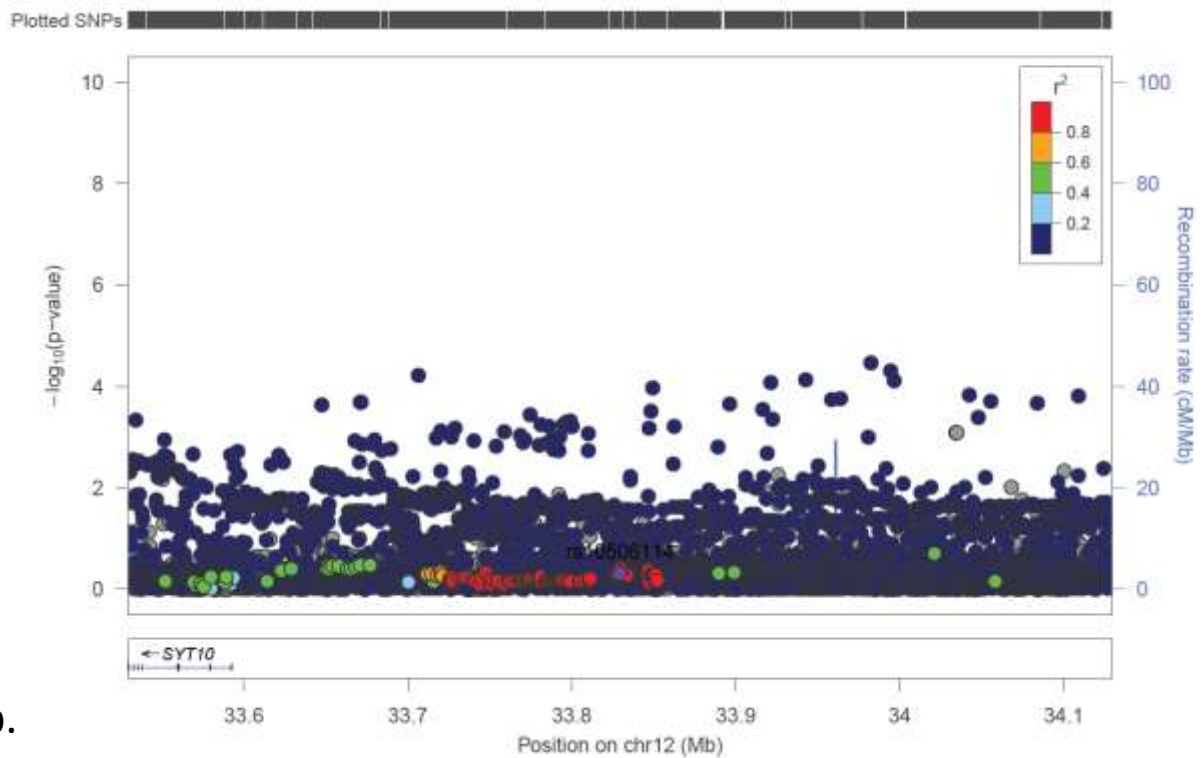

b.

Supplementary Figure 17. The LocusZoom plots for each of the *GABBR2* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

SYT10

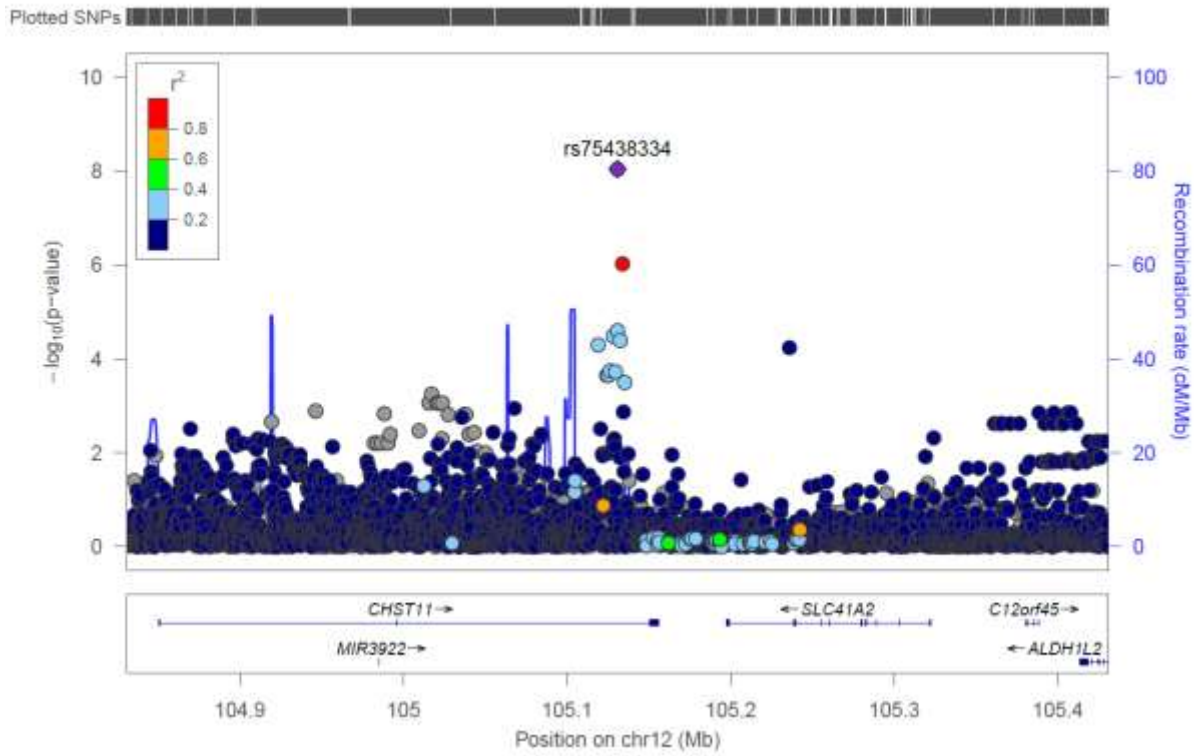

a.

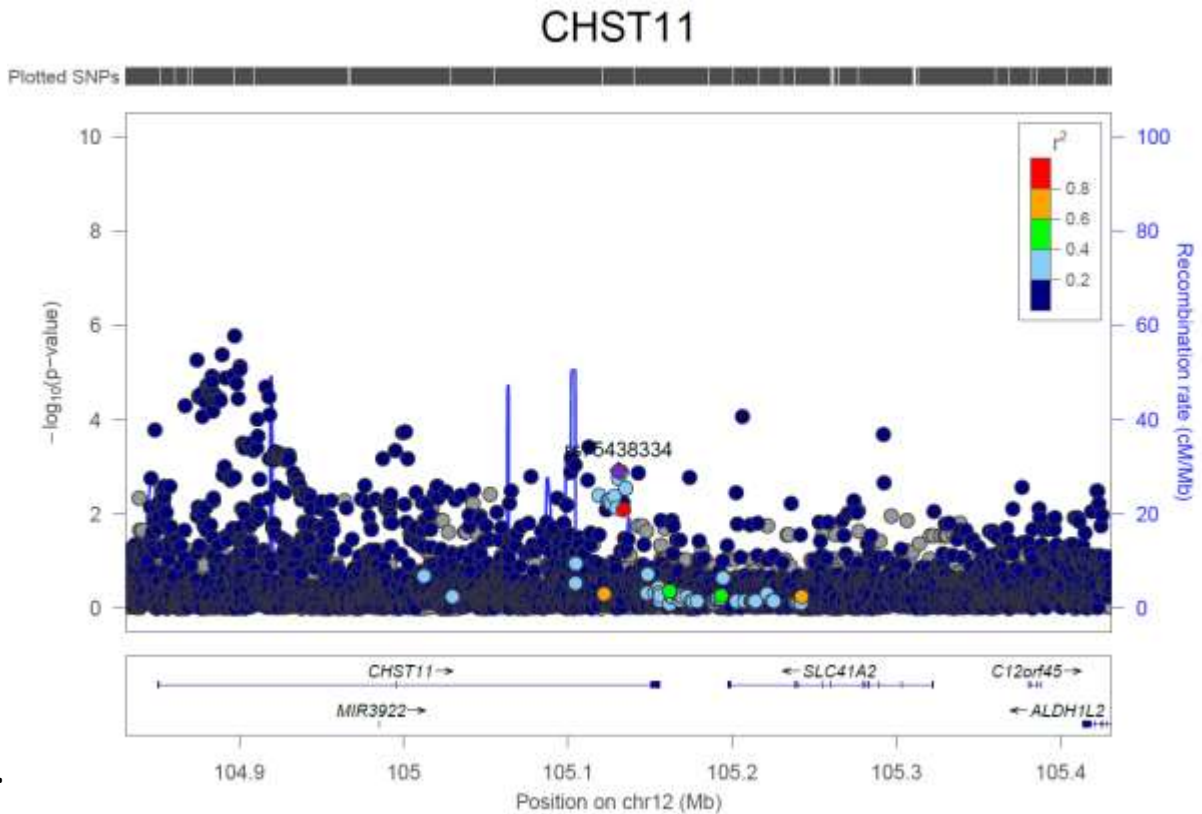

b.

Supplementary Figure 18. The LocusZoom plots for each of the *SYT10/ALG10* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

CHST11

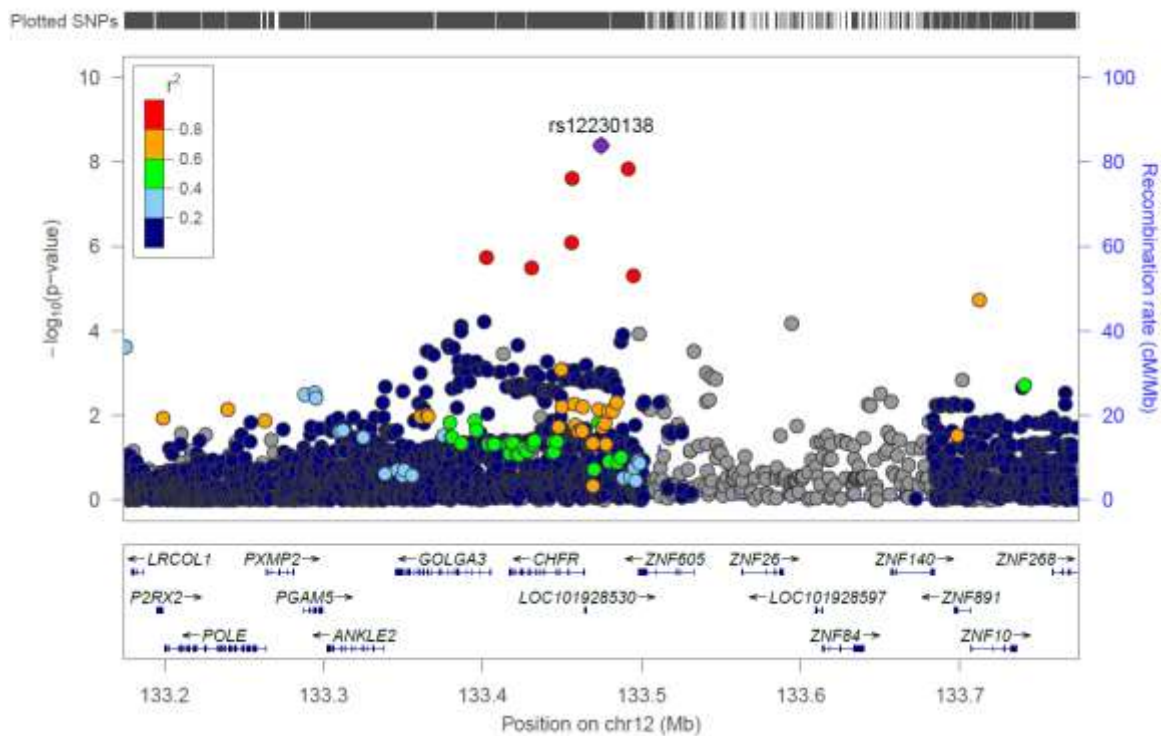

a.

b.

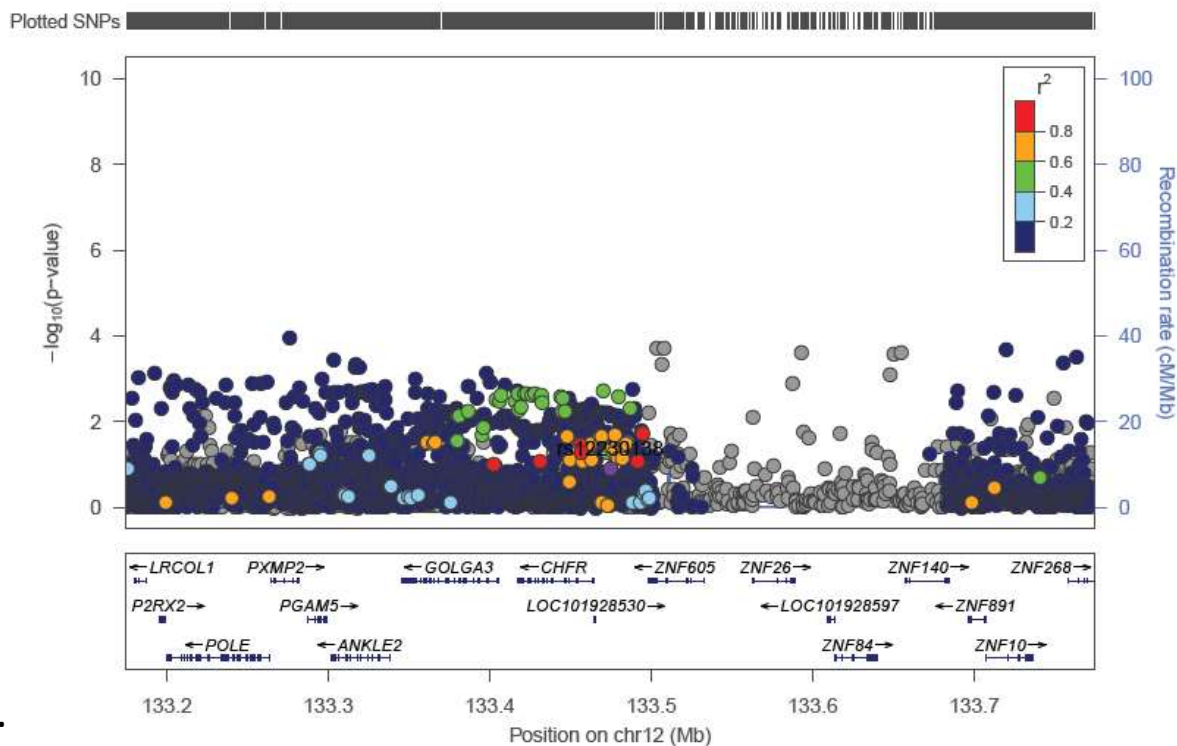

Supplementary Figure 19. The LocusZoom plots for each of the *CHST11* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

ZNF605

a.

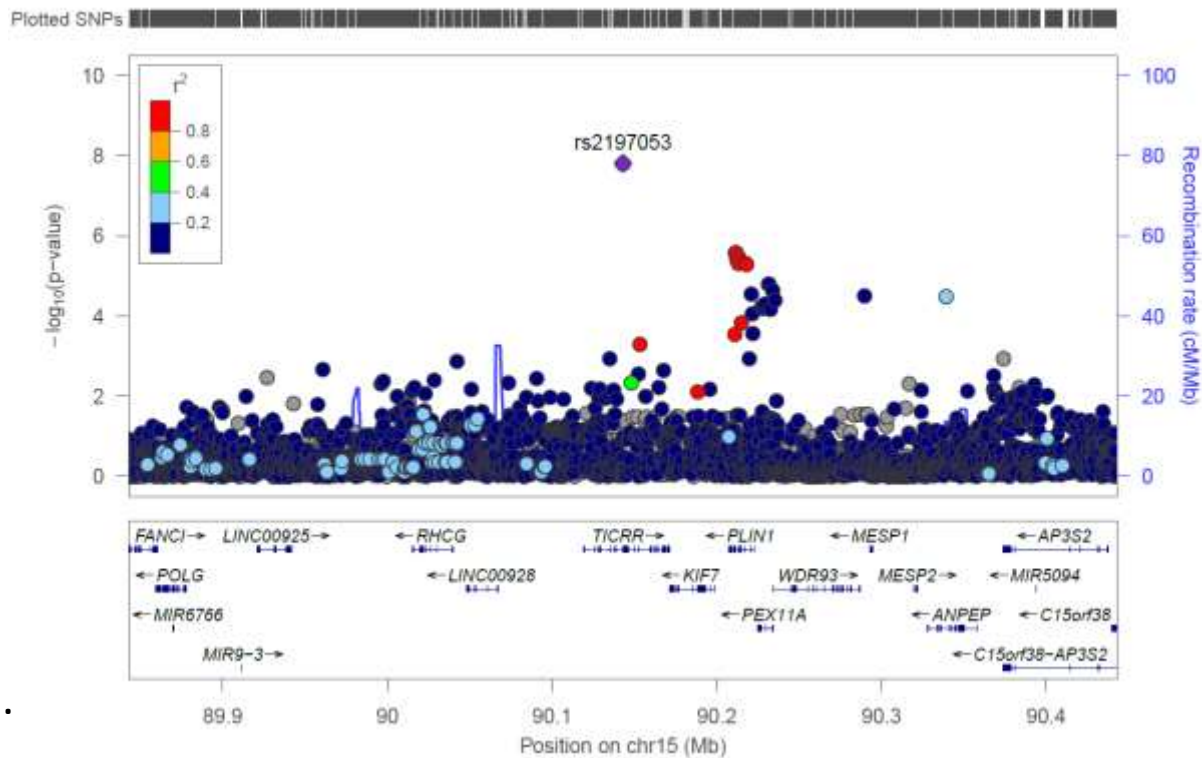

ZNF605

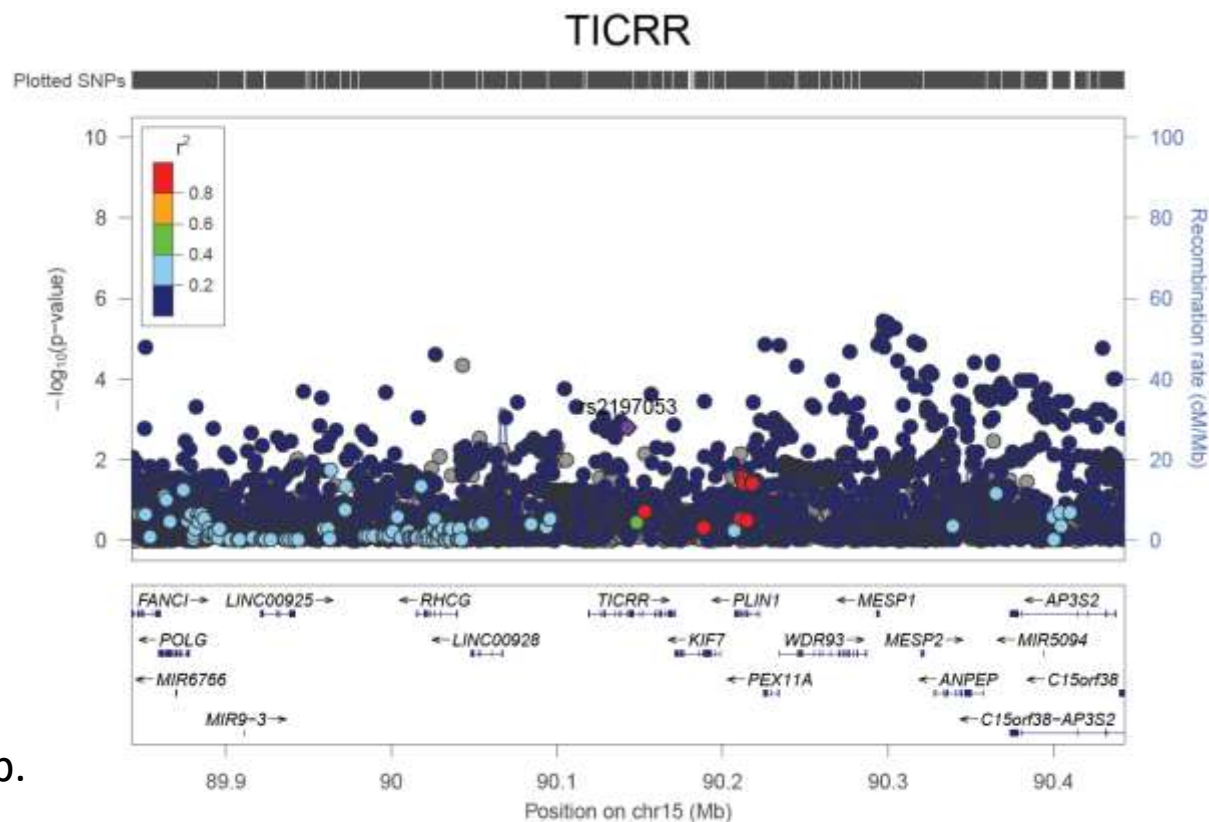

b.

Supplementary Figure 20. The LocusZoom plots for each of the *CHFR/LOC101928530/ZNF605* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

TICRR

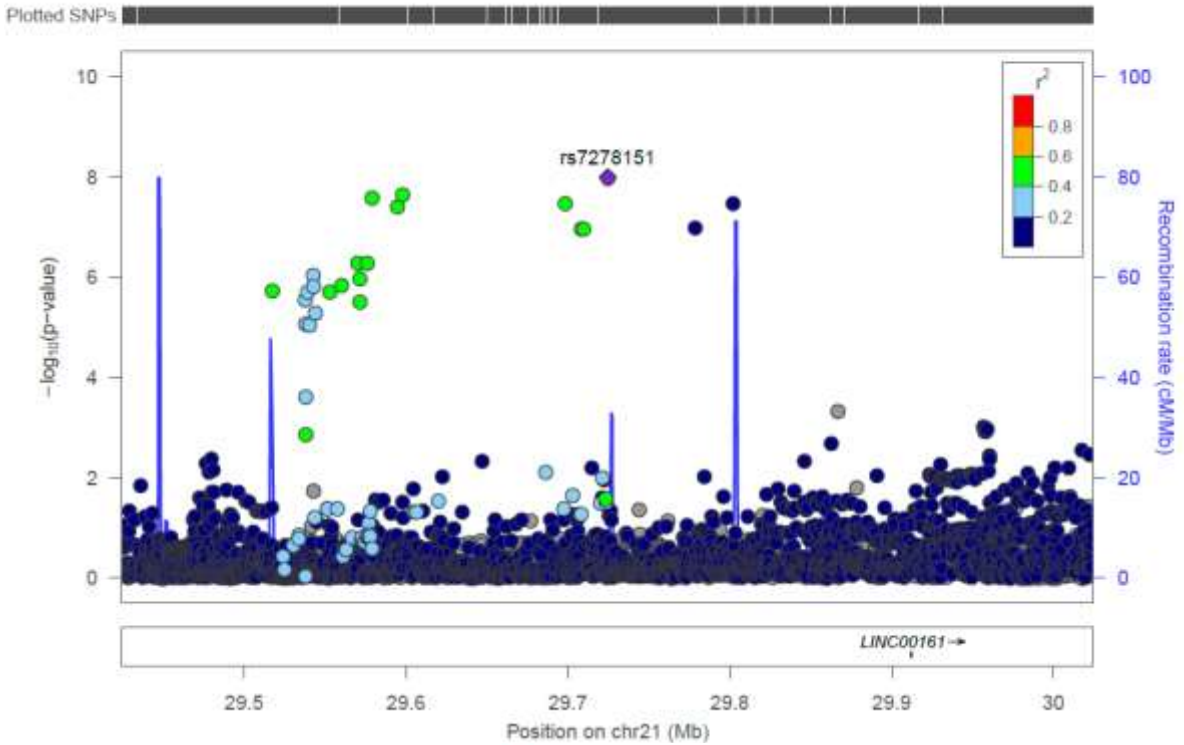

a.

b.

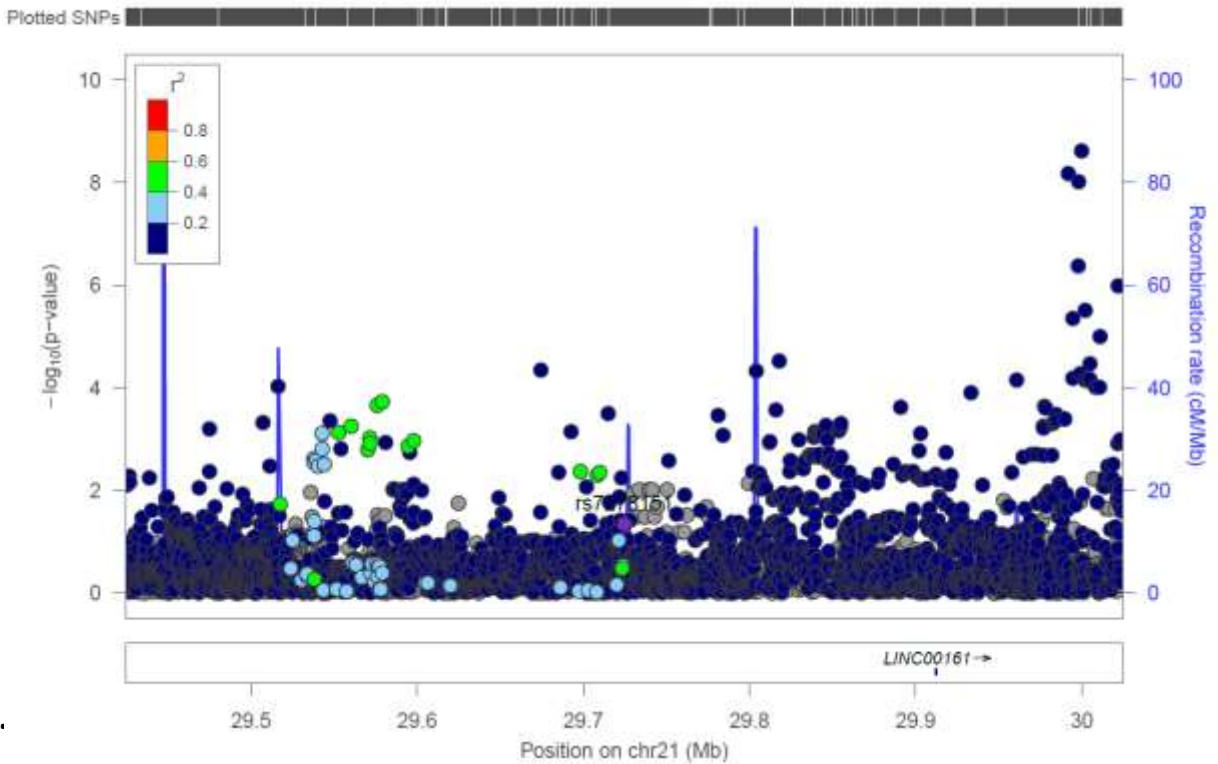

Supplementary Figure 21. The LocusZoom plots for each of the *TICRR* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.

LINC01695

a.

LINC01695

b.

Supplementary Figure 22. The LocusZoom plots for each of the *LINC01695/LINC00161* locus. (a) The plot of the association tests of T1D patients with low T1D PRS compared to controls with low T1D PRS; (b) The plot of the association tests of all T1D patients compared to all controls.
