

Supplementary information

Supplementary Table 1. Survey questions.

General demographics	
1	What is your age in years?
2	What is the gender that you identify yourself with?
3	What is your full residential address?
4	What is your highest educational qualification?
5	What is your marital status?
6	What is your employment status?
7	What is your total annual household income before tax or anything else is taken out?
Dietary outcomes	
8	About how many pieces of fruit do you eat each day?
9	About how many times a week do you eat vegetables with your main meal? Exclude hot chips.
10	How many times a week do you eat meat, fish, seafood, nuts, beans, eggs or tofu with your meal?
11	What type of bread do you usually eat?
Objectivised cultural capital	
12a	Could you please indicate whether you own the following cooking objects? – Oven
12b	Could you please indicate whether you own the following cooking objects? – Cookery books
12c	Could you please indicate whether you own the following cooking objects? – Set of knives
12d	Could you please indicate whether you own the following cooking objects? – Kitchen scales
12e	Could you please indicate whether you own the following cooking objects? – Fruit juicer
Total incorporated cultural capital	
13	In the last month, how many times have you met with people in a public place to have some food?
14	In the last month, how many times have people visited your home to have dinner, or have you visited people for dinner in their home?
15a	Below you may find two statements about grocery shopping. Please indicate for both statements how often this applies to you. – Before I go shopping, I make a list of everything I need.
15b	Below you may find two statements about grocery shopping. Please indicate for both statements how often this applies to you. – Usually I do not decide what to buy until I am in the shop.
16a	Below you may find three statements about cooking. Please indicate for each of the following statements whether you agree or disagree. – I know several ways to prepare fish.
16b	Below you may find three statements about cooking. Please indicate for each of the following statements whether you agree or disagree. – I can prepare a lot of meals even without a recipe.
16c	Below you may find three statements about cooking. Please indicate for each of the following statements whether you agree or disagree. – I know several ways to prepare vegetables.

17a	Below are questions about food information. Please indicate for each question how often this applies to you. – Do you read the nutrition information and information about ingredients on food packages?
17b	Below are questions about food information. Please indicate for each question how often this applies to you. – Do you use the information about nutritional value on food packages to decide what foods you buy?
17c	Below are questions about food information. Please indicate for each question how often this applies to you. – Do you look up information about foodstuffs on the internet?
17d	Below are questions about food information. Please indicate for each question how often this applies to you. – Do you use recipes from cookery books, from the internet or from magazine?
18a	Please indicate for the following four food items whether they are high or low in added sugar: - Bananas
18b	Please indicate for the following four food items whether they are high or low in added sugar: - Unflavoured yogurt
18c	Please indicate for the following four food items whether they are high or low in added sugar: - Ice-cream
18d	Please indicate for the following four food items whether they are high or low in added sugar: - Tomato ketchup
19a	Please indicate for the following four food items whether they are high or low in protein: - Chicken
19b	Please indicate for the following four food items whether they are high or low in protein: - Cheese
19c	Please indicate for the following four food items whether they are high or low in protein: - Fruit
19d	Please indicate for the following four food items whether they are high or low in protein: - Broccoli
20a	Please indicate for the following four food items whether they are high or low in fibre: - Eggs
20b	Please indicate for the following four food items whether they are high or low in fibre: - Nuts
20c	Please indicate for the following four food items whether they are high or low in fibre: - Chicken
20d	Please indicate for the following four food items whether they are high or low in fibre: - Broccoli
21a	Please indicate for the following four food items whether they are high or low in saturated fat: - Olive oil
21b	Please indicate for the following four food items whether they are high or low in saturated fat: - Nuts
21c	Please indicate for the following four food items whether they are high or low in saturated fat: - Red meat
21d	Please indicate for the following four food items whether they are high or low in saturated fat: - Chocolate
Other confounders - Vegetarian	
22	Are you vegetarian? Please tick 'No' if you are pescatarian (eat fish or shellfish)
Other confounders – Barriers to access of healthy food	
23	How much time does it usually take to get to the grocery store for the major food shopping?
24	During the past 30 days, how much money did you spend at supermarkets or grocery stores? Please answer in Australian dollars.

25a	How often do the following situations make it difficult for you/your household to get healthy foods? (healthy food includes fruits and vegetables, whole grains, beans and legumes, low-fat dairy, and lean meats)? – Distance to your usual grocery store
25b	How often do the following situations make it difficult for you/your household to get healthy foods? (healthy food includes fruits and vegetables, whole grains, beans and legumes, low-fat dairy, and lean meats)? – Lack of transportation
25c	How often do the following situations make it difficult for you/your household to get healthy foods? (healthy food includes fruits and vegetables, whole grains, beans and legumes, low-fat dairy, and lean meats)? – Hours your usual grocery store is open
25d	How often do the following situations make it difficult for you/your household to get healthy foods? (healthy food includes fruits and vegetables, whole grains, beans and legumes, low-fat dairy, and lean meats)? – Price
25e	How often do the following situations make it difficult for you/your household to get healthy foods? (healthy food includes fruits and vegetables, whole grains, beans and legumes, low-fat dairy, and lean meats)? – Physical disabilities
25f	How often do the following situations make it difficult for you/your household to get healthy foods? (healthy food includes fruits and vegetables, whole grains, beans and legumes, low-fat dairy, and lean meats)? – Time available to go shopping
25g	How often do the following situations make it difficult for you/your household to get healthy foods? (healthy food includes fruits and vegetables, whole grains, beans and legumes, low-fat dairy, and lean meats)? – Selection of items available at your usual grocery store
25h	How often do the following situations make it difficult for you/your household to get healthy foods? (healthy food includes fruits and vegetables, whole grains, beans and legumes, low-fat dairy, and lean meats)? – Quality of items available at your usual grocery store
Other confounders –Frequency of eating out or eating take-aways	
26	How many times do you eat out/eat take-away food each week?

Supplementary Figure 1. Distribution and cut-offs for diet score.
