

# COVID Survey

Community Opinions on Vaccine Issues and Decisions (COVID):

A short KAP survey of the Muslim Community attending Leeds Grand Mosque

## What is this survey about?

- We know that ethnic minority groups have been affected badly the COVID19 pandemic.
- We also know that within the Muslim community, a number of initiatives, in particular webinars and social media flyers, have been used to try and address some of the concerns, particularly around vaccines.
- However, there have been limited chances for the community to share their opinions to help guide that kind of events they would like to see and be involved in.
- This is your chance to share your views on issues of the COVID19 vaccine.
- This short survey is voluntary, and will take about 5 mins to complete.
- Please do try and complete all the questions. Thank you

## What is involved?

The survey will take about 5 mins to complete.

It consists of 5 short sections which includes check boxes, as well as the chance for you to share some comments and tell us a bit about yourself.

## Who is carrying out this survey?

- The survey is being conducted by Dr Najeeb Rahman, who is an Emergency Medicine consultant based at Leeds Teaching Hospitals NHS Trust, is a trustee of the medical charity Doctors Worldwide, and is also the founder of the Frontline Collaboration Against COVID-19. This initiative brings together doctors and humanitarians to better respond the COVID19 pandemic.
- This survey is being conducted on behalf of the group and in partnership with community based organisations so as to better understand the needs and opinions of the Muslim community in particular.
- This version of the survey is being conducted in partnership with Leeds Grand Mosque.
- Findings may be shared in the public domain through reports and publications so as to raise awareness of issues and concerns that the community is facing.

## Will my details be kept confidential?

YES. The survey is anonymised, and no personal identifiers are being collected. All data will be kept secure and confidential in line with the Data Protection Act.

## Can I withdraw from this survey? What if I have a query

Taking part in the survey is entirely voluntary and you are free to withdraw at any time, or to ask any questions by submitting an email to [najeeb@beckhealthcare.co.uk](mailto:najeeb@beckhealthcare.co.uk)

**Thank you for taking part in this survey, and helping to improve our understanding of the community. This would not be possible without your support and involvement.**

## Consent

- I confirm that I have reviewed the information regarding this survey
- I understand that my participation is voluntary and that I am free to withdraw at any time without giving any reason.
- I agree for my responses in this questionnaire to be used for the purpose of this survey study, including any publications or projects, only and according to the Data Protection Act, meaning that any personal information is kept strictly confidential.

**- By continuing on with this survey, I effectively consent and agree to participate in this assessment.**
