Re/Research and Ethics Committee Feedback

After Compliments,

Reference to your letter regarding your research "Prevalence of macroprolactine in patients receiving anti-psychotics " we are delighted to inform you that the study is approved by the regional research and ethics Committee. Kindly make sure that your data collection won't interfere with the flow of service and remember to send us a copy of the final results.

Your cooperation is highly appreciated

With kind regards

Dr. Fatma Al Ajmi
Chairperson of Regional Research Committee
Director General of Health Services-Muscat
