

Table 3. AUC values of the logistic regression model built with data from the main cohort and validated with data from the validation cohort.

Cohort	n	AUC	SE	95% Confidence interval
Main (training)	79	0.9923	0.0057	0.981 - 1
Validation	75	0.886	0.042	0.803 - 0.968
