

Supplementary Table 2. Statistical analysis of neutralizing antibody titers against variant viruses Alpha (B.1.1.7), Beta (B.1.351) and Delta (B.1.617.2) compared to wild type (B1) virus (n=78). Kruskal-Wallis test with adjusted p-values.

	Alpha variant (B.1.1.7)	Beta variant (B.1.351)	Delta variant (B.1.617.2)
Wild-type virus (B1)	0.0000000280	0.0000000037	0.00000000086
