

Reference	Outcome	Effect of adhering to intervention?	Randomization process	Deviations from intended interventions	Missing outcome data	Measurement of the outcome	Selection of the reported result	Overall Bias
Banks et al. (2018)	Chronic self-perceived stress	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Banks et al. (2018)	Positive and negative affect	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Banks et al. (2018)	Acute anxiety	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Binfet et al. (2017)	Chronic self-perceived stress	Effect of assignment to intervention	Some concerns	Low risk	Some concerns	Some concerns	Low risk	Some concerns
Caparelli et al. (2020)	Memory test	Effect of assignment to intervention	Some concerns	Some concerns	Low risk	Low risk	Some concerns	Some concerns
Crossman et al. (2015)	Acute anxiety	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Crossman et al. (2015)	Positive and negative affect	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Crump et al. (2015) - Study II	Acute self-perceived stress	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Crump et al. (2015) - Study II	Arousal	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Crump et al. (2015) - Study II	Chronic self-perceived stress	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Crump et al. (2015) - Study II	Salivary cortisol	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Low risk	Some concerns
Fiocco & Hunse (2017)	Positive and negative affect	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Gebhart et al. (2018)	Acute anxiety	Effect of assignment to intervention	Low risk	Low risk	Some concerns	Some concerns	Low risk	Some concerns
Gebhart et al. (2018)	Acute self-perceived stress	Effect of assignment to intervention	Low risk	Low risk	Some concerns	Some concerns	Low risk	Some concerns
Gebhart et al. (2018)	Salivary cortisol	Effect of assignment to intervention	Low risk	Low risk	Some concerns	Low risk	Low risk	Some concerns
Gee et al. (2019) - Experiment 2	Acute anxiety	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Gee et al. (2019) - Experiment 2	HR	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Low risk	Some concerns
Gee et al. (2019) - Experiment 2	HRV	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Low risk	Some concerns
Grajfoner et al. (2017)	Acute anxiety	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Hall (2018)	Acute anxiety	Effect of assignment to intervention	Some concerns	High risk	Some concerns	Some concerns	Low risk	High risk
Hunt & Chizkov (2015)	Chronic depression	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	High risk	High risk
Hunt & Chizkov (2015)	Acute anxiety	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	High risk	High risk

Hunt & Chizkov (2015)	Positive and negative affect	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	High risk	High risk
McDonald et al. (2017)	BP	Effect of assignment to intervention	Some concerns	Some concerns	Low risk	Low risk	Some concerns	Some concerns
Pendry & Vandagriff (2019)	Salivary cortisol	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Low risk	Some concerns
Pendry et al. (2018)	Acute anxiety	Effect of assignment to intervention	High risk	High risk	High risk	Low risk	Low risk	High risk
Pendry et al. (2018)	Acute depression	Effect of assignment to intervention	High risk	High risk	High risk	Low risk	Low risk	High risk
Pendry et al. (2019)	Acute anxiety	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Pendry et al. (2019)	Acute depression	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Polheber & Matchock (2014)	HR	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Low risk	Some concerns
Polheber & Matchock (2014)	Salivary cortisol	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Low risk	Some concerns
Polheber & Matchock (2014)	Acute anxiety	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Shearer et al. (2015)	Acute anxiety	Effect of assignment to intervention	Some concerns	Some concerns	Some concerns	Some concerns	Some concerns	Some concerns
Shearer et al. (2015)	Negative affect	Effect of assignment to intervention	Some concerns	Some concerns	Some concerns	Some concerns	Some concerns	Some concerns
Shearer et al. (2015)	Chronic depression	Effect of assignment to intervention	Some concerns	Some concerns	Some concerns	Some concerns	High risk	High risk
Shearer et al. (2015)	HRV	Effect of assignment to intervention	Some concerns	Some concerns	Low risk	Low risk	Low risk	Some concerns
Stewart & Strickland (2013)	Acute anxiety	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Some concerns	Some concerns
Straatman et al. (1997)	HR	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Low risk	Some concerns
Straatman et al. (1997)	BP	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Low risk	Some concerns
Straatman et al. (1997)	Acute anxiety	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	High risk	High risk
Trammell (2017) - Study 2	Acute self-perceived stress	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Trammell (2017) - Study 2	Memory test	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Low risk	Some concerns
Trammell (2017) - Study 3	Acute self-perceived stress	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Low risk	Some concerns
Trammell (2017) - Study 3	Memory test	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Low risk	Some concerns
Trammell (2019)	Memory test	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Some concerns	Some concerns

Trammell (2019)	Happiness	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Some concerns	Some concerns
Trammell (2019)	Acute self-perceived stress	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Some concerns	Some concerns
Trammell (2019)	Arousal	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Some concerns	Some concerns	Some concerns
Ward-Griffin et al. (2018)	Positive and negative affect	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Low risk	Some concerns
Ward-Griffin et al. (2018)	Chronic self-perceived stress	Effect of assignment to intervention	Some concerns	Low risk	Low risk	Low risk	Low risk	Some concerns
