## **Employee Return-to-Work Timeline following a Positive COVID-19 Test**

- This timeline is applicable to employees who completed a self-attestation, received a red boarding pass, and were tested for COVID-19 at a Carilion Testing Center.
- Employees are responsible for following the steps below and updating their manager as they move through the process.

Day 0 is the date	Days 0-4	Days 5-7	Days 8-10	Day 11
of initial positive PCR or antigen test collection	Remain out of work through Day 4	On Days 5-7 self-evaluate symptoms: Have you been free from diarrhea and vomiting for 48 hours AND fever free for 24 hours without the use of fever-reducing medication, AND other symptoms (e.g. cough) are improving?  If Yes, proceed to a Carilion testing site for return-towork antigen testing.  Orders will automatically be available on Days 5-7. Employees who test negative will be cleared to return to work by the testing center.	Employees who test positive on their return-to-work antigen test will remain out of work through Day 10. No additional testing will be done.	Return to work on Day 11
	instances where employees may not follow this timeline. will be addressed on a case-by-case basis.	If No, criteria for return-to- work antigen testing is not met. Remain out of work.	Remain out of work through Day 10. On Day 10 self- evaluate symptom: Have you been free from diarrhea and vomiting for 48 hours AND fever free for 24 hours without the use of fever-reducing medication, AND other symptoms (e.g. cough) are improving?	If Yes, return to work on Day 11  If, No follow routine attendance processes with your manager to return to work. Contact your primary care provider for prolonged duration of symptoms.
