

Supplementary Material A4: Revised data charting tool (**pilot revisions in bold**)

DATA CHARTING				
Author(s)				
Year of publication				
Title				
Journal				
Study location				
Pandemic response				
Study design - comparator / control or pre-post measures				
Aims, objectives and research questions				
Study population(s)				
Sample size (total)				
Number of groups		Group 1	Group 2	Group 3
Size of each Group				
Intervention	Scenario			
Intervention description	Activities			
Intervention duration				
Intervention delivery	Software			
Intervention delivery	Hardware			
Stakeholders in the design				
Any underpinning concepts / theories / standards				
Intended learning outcomes (ILOs) / capabilities				
Methodology				
Student focussed outcome measures				
Student outcomes				
Important results conclusions				
Sources of funding / conflicts of interest
