Re: Sharing Covid-19 Survey Results

Human Subjects Research Determination:

Not HSR

Because the purpose of the follow up survey is tied to the St. Louis County Department of Public Health project that was previously conducted and the information collected will not be used to answer a research question or to publish generalizable research results, this activity is not considered to meet federal definitions under the jurisdiction of an IRB and therefore falls outside the purview of the HRPO.

This determination has been electronically signed by IRB Chair or Chair Designee:
Jennifer Maynard, BA, Psychology
