

**Supplementary Table I.** Predictor variables of Rift Valley Fever disease cluster occurrence analyzed.

	<b>Variable</b>	<b>Units</b>
1	Country	NA
2	Region	NA
3	County or District	NA
4	Year of outbreak	Year
5	Month of outbreak	Month
6	History of absence of previous outbreak	NA
7	History of previous outbreaks	NA
8	<i>Land factors</i>	
9	Soil type	NA
10	Altitude	Meters
11	Elevation below 1000 m	Meters
12	Presence of land use changes	NA
13	Types of land use changes	NA
14	Presence of significant water pools	NA
15	Causes of significant water pools	NA
16	<i>Animal factors</i>	
17	Predominant livestock species	NA
18	Type of Livestock production system	NA
19	Host density	Population/ Km <sup>2</sup>
20	Proximity to wildlife	Km
21	<i>Climate data</i>	
22	Annual rainfall 3 years prior to the outbreak	mm
23	Annual rainfall 2 years prior to the outbreak	mm
24	Annual rainfall for the year preceding the outbreak	mm
25	Annual rainfall of the outbreak year	mm
26	Monthly rainfall for the outbreak month	mm
27	Monthly rainfall 1 month prior to the outbreak	mm
28	Monthly rainfall 2 months prior to the outbreak	mm
29	Monthly rainfall 3 months prior to the outbreak	mm
30	Annual temperature 3 years prior to the outbreak	°Celsius
31	Annual temperature 2 years prior to the outbreak	°Celsius
32	Annual temperature for the year preceding the outbreak	°Celsius
33	Annual temperature of the outbreak year	°Celsius
34	Monthly temperature for the outbreak month	°Celsius
35	Monthly temperature 1 month prior to the outbreak	°Celsius
36	Monthly temperature 2 months prior to the outbreak	°Celsius
37	Monthly temperature 3 months prior to the outbreak	°Celsius
38	Annual humidity 3 years prior to the outbreak	%
39	Annual humidity 2 years prior to the outbreak	%
40	Annual humidity for the year preceding the outbreak	%
41	Annual humidity for the year of the outbreak	%

42	Monthly humidity for the outbreak month	%
43	Monthly humidity 1 month prior to the outbreak	%
44	Monthly humidity 2 months prior to the outbreak	%
45	Monthly humidity 3 months prior to the outbreak	%
46	Outbreak month NDVI	NA
47	Monthly NDVI 1 month prior to the outbreak	NA
48	Monthly NDVI 2 months prior to the outbreak	NA
49	Monthly NDVI 3 months prior to the outbreak	NA
