

Supplementary material

TableS1: Additional data on lifestyle factors, environmental risk factors and medical conditions available from the Constances variable pool and available in CRABAT.

Variables category	Variables name	Baseline	Follow up
Lifestyle and health			
General health			2022
	Physical health		2014
	Mental health		2014
Physical activities			2022
	at work		
	off work		
Home and quality of life			
	Nationality		
	Education level		
	Marital status		
	Income		
Sex life		Baseline	
	Number of partners		
	Sexual orientation		
	Use protection		
Smoking			2022
	Lifetime tobacco smoking status		
	Pack-year		
Electronic cigarette			
	Lifetime smoking status		2022
	Current smoker		
	Nicotine consumption level		
Cannabis consumption			2022
	Lifetime consumption status		
	Current consumption		
Alcohol consumption			
	Lifetime consumption status		2022
	Level of consumption		
Females health		Baseline	
	Pregnancies (N)		
	Date of last pregnancy		
	ectopic pregnancy (N)		
	Miscarriages (N)		
	Therapeutic abortions (N)		
	Childs (N)		
	Contraception type		2016
Occupational history			
	Status of employment		2019
	Current socio-professional status		2019
Occupational exposures			
	Night shift		2019
Exposure to solvents/ diluent/ detergents		Baseline	
	Diesel engine exhaust		
	Petrol		
	Trichloroethylene		
	White spirit		
	Cellulose diluent		
	Formaldehyde		
Exposure to fumes		Baseline	
	fumes		
	Plastic/ rubber fumes		
	Biomass fumes Welding		
Exposure to dusts		Baseline	
<i>Construction dusts</i>			
	Asbestos		
	Cement		
	No-slung concrete dust		

Metal dust		Baseline	
	Iron		
	Stainless steel		
	Copper		
Other dusts		Baseline	
	Plastic/ rubber		
	Coal		
	Wood		
	Textile		
Fuel		Baseline	
	Disel oil		
	Petrol		
Other chemical exposure			
	Pesticide/ insecticide/ fungicide		
	Fertilizers		
	Glass wood		
	Insulation material		
	Paint/ varnish		
	Ink/ stains		
	Radiation exposure		
	Artificial UV radiation		
	Outdoor work (hr/day)		
<i>Biological exposure</i>		Baseline	
	Micro-organism/ parasites/ viruses		
Medical background			2022
Cardiovascular disease			
Digestive disease			
	Hepatitis B		
	Hepatitis C		
	Other type of hepatitis		
Neurological and mental health			2022
	Depression		
	Suicide attempts		
Osteoarticular disorders			
	Inflammation arthritis		
Cancer history			
Biometry			
	Body Mass Index		2022
	Hip measure		
Prothesis (N)			2022
