

Supplemental Table 6. Face mask requirements put in place in the 30 most populous counties in the United States.

Geographic Area Name (County Name)	Case Rate ¹ (per 10,000)	Start Date (2020)	Duration until May 10th	Days late ²	Cases at Start ³	Case Rate at Start ⁴
<i>Counties with High Case Rates (High)⁵</i>						
Bronx County, New York	March 13 th	April 17 th	23	35	30,746	213.8
Nassau County, New York	March 17 th	April 17 th	23	31	27,772	204.7
Queens County, New York	March 13 th	April 17 th	23	35	42,705	185.8
Suffolk County, New York	March 19 th	April 17 th	23	29	24,812	166.8
Kings County, New York	March 13 th	April 17 th	23	35	37,748	145.1
New York County, New York	March 12 th	April 17 th	23	36	17,427	106.8
Philadelphia County, Pennsylvania	March 23 rd	April 19 th	21	27	9,014	57.2
Middlesex County, Massachusetts	March 21 st	May 6 th	4	46	16,264	102.0
Wayne County, Michigan	March 22 nd	April 27 th	13	36	15,944	90.5
Cook County, Illinois	March 21 st	April 30 th	10	40	34,880	66.8
<i>Counties with Moderate Case Rates (Mid)⁶</i>						
Miami-Dade County, Florida	March 23 rd	April 9 th	41	17	5,354	19.7
King County, Washington	March 12 th	May 4 th	6	53	6,449	29.8
Los Angeles County, California	March 26 th	March 19 th	52	-7	190	0.2
Broward County, Florida	March 22 nd	April 10 th	40	19	2,454	12.9
Palm Beach County, Florida	March 26 th	June 20 th	0	86	10,116	69.9
Dallas County, Texas	March 25 th	April 18 th	22	24	2,190	8.5
Clark County, Nevada	March 24 th	May 9 th	1	46	4,573	21.4
Riverside County, California	March 30 th	March 19 th	52	-11	16	0.1
Harris County, Texas	March 28 th	April 13 th	27	16	3,629	7.9
Tarrant County, Texas	March 30 th	May 5 th	5	36	2,584	12.8

Geographic Area Name (County Name)	Case Rate ¹ (per 10,000)	Start Date (2020)	Duration until May 10th	Days late ²	Cases at Start ³	Case Rate at Start ⁴
<i>Counties with Low Case Rates (Low)⁷</i>						
San Diego County, California	March 27 th	March 19 th	52	-8	60	0.2
Maricopa County, Arizona	March 28 th	June 18 th	0	82	22,272	52.4
San Bernardino County, California	April 2 nd	March 19 th	52	-14	3	0.0
Alameda County, California	March 26 th	March 19 th	52	-7	30	0.2
Santa Clara County, California	March 19 th	March 19 th	52	0	175	0.9
Orange County, Florida	March 27 th	June 20 th	0	85	4,274	32.3
Orange County, California	March 27 th	March 19 th	52	-8	29	0.1
Hillsborough County, Florida	March 26 th	June 20 th	0	86	4,982	36.1
Bexar County, Texas	April 1 st	April 16 th	24	15	815	4.2
Sacramento County, California	March 26 th	March 19 th	52	-7	40	0.3

¹The date in which the cumulative number of cases per 10,000 of the respective county population was ≥ 1.0 .

²The number of days after the intervention was implemented after the case rate was ≥ 1.0 . Negative values indicate and intervention that was implemented before the case rate was ≥ 1.0 .

³The cumulative number of cases when the intervention was implemented.

⁴The cumulative number of cases per 10,000 of the respective county population when the intervention was implemented.

⁵High – a case rate of > 100 per 10,000.

⁶Mid – a case rate of 15 to 100 per 10,000.

⁷Low – a case rate of < 15 per 10,000.
