---

The above-referenced protocol and items listed below (if applicable) were **APPROVED** following *Expedited Review* (Category (5)\*) by the Chairperson/designee for the Wayne State University Institutional Review Board (MP2) for the period of 01/19/2016 through 01/18/2017. This approval does not replace any departmental or other approvals that may be required.

- Revised Protocol Summary Form (revision received in the IRB Office 1/11/2016)
- Protocol (version 1 dated 11/6/2015 received in the IRB Office 12/2/2015)
- Revised HIPAA Summary Form (revision received in the IRB Office 1/11/2016)
- A waiver of HIPAA Authorization has been granted in accordance with the Privacy Rule and justification provided by the Principal Investigator in the HIPAA Summary Form. This waiver satisfies: 1) the use or disclosure of PHI involves no more than minimal risk to the privacy of individuals, 2) the research could not be practicably conducted without the waiver, 3) the research could not be practicably conducted without access and use of the PHI, 4) adequate steps taken to protect identifiers from improper use or disclosure and 5) adequate plan for destroying identifiers or links.
- A waiver of consent and waiver of written documentation of consent has been granted according to 45CFR46.116(d) and 45CFR46.117(c). This waiver satisfies: 1) risk is no more than minimal, 2) the waiver does not adversely affect the rights and welfare of research participants, 3) the research could not be practicably carried out without the waiver, and 4) providing participants additional pertinent information after participation is not appropriate for the research design.

---

◦ Federal regulations require that all research be reviewed at least annually. You may receive a "Continuation Renewal Reminder" approximately two months prior to the expiration date; however, it is the Principal Investigator's responsibility to obtain review and continued approval *before* the expiration date. Data collected during a period of lapsed approval is unapproved research and can *never* be reported or published as research data. All changes or amendments to the above-referenced protocol require review and approval by the WSU IRB **BEFORE** implementation. Adverse Reactions/Unexpected Events (AR/UE) must be submitted on the appropriate form within the timeframe specified in the WSU IRB Policy (<http://irb.wayne.edu>).

### NOTE:

1. Upon notification of an impending regulatory site visit, hold notification, and/or external audit the WSU IRB office must be contacted immediately.
2. Forms should be downloaded from the WSU IRB website (<http://irb.wayne.edu>) at *each* use.
